### TROUBLES OF THE RED CROSS

Believed to Have Been Satisfactorily Adjusted.

Washington, June 17.—By the harmonious action of the opposing factions of the American Red Cross in electing an entire new set of officers, it is believed the troubles of the society have been adjusted satisfactorily.

Former Surgeon General W. K. Van Reypen of the navy is the new president and Dr. Walter Wyman is vice president. The other members of the board of trustees, the secretary and the treasurer and members of the executive committee, are gentlemen who have been active in bringing about a reorganization of the society. The reorganization was made easy by the resignation of members of the board of trustees and other officers. The only officials who did not resign were General Nelson A. Miles, E. B. Fiske of Connecticut and S. M. Jarvis of New York.

### UNITED WORKMEN OFFICERS.

Northwestern Men Capture Some of the Prizes.

Chattanooga, Tenn., June 17.—In addition to considering several important legislative questions Thursday the supreme lodge, A. O. U. W., which is meeting in annual convention at Lookout Mountain, elected officers as follows:

Past supreme master workman, Webb McCall, Gaylord, Kan.; supreme master workman, W. M. Narvis, Muscatine, Ia.; supreme overseer, J. A. Eckstein, New Ulm, Minn.; supreme foreman, William Colvig, Jacksonville, Ore.; supreme recorder, M. W. Sackett, Meadville, Pa.; supreme receiver, H. B. Dickinson, Buffalo; supreme guide, L. Merrill, Concord, N. H.; supreme watchman, S. B. Ritchie, Winnipeg, Man.

### NORCROSS IS COMMANDER.

Janesville Man Heads Wisconsin Civil War Veterans.

Madison, Wis., June 17.—The following officers of the G. A. R. were elected Thursday: Commander, Pliny M. Norcross, Janesville; senior vice commander, George Martin, Madison; junior vice commander, Byron Williams, Wautoma; chaplain, Lucius Carr, Fond du Lac; council of administration, F. A. Copeland, La Crosse, chairman.

The Woman's Relief Corps elected Mrs. Ellen P. Weatherby of Shullsburg president.

## STAKELBERG BEATEN

RUSSIAN GENERAL'S FORCES DEFEATED BY A SUPERIOR BODY OF JAPS.

### ADMITS LOSING MANY MEN

TWO BATTERIES LITERALLY CUT TO PIECES BY THE JAPANESE SHELLS.

### NOW IN PERILOUS POSITION

RUSSIAN FORCE MAY BE CUT OFF AND FALL INTO HANDS OF THE JAPANESE.

St. Petersburg, June 17.—Czar Nicholas has received a telegram dated June 16, from General Kuropatkin, transmitting the following dispatch from Lieutenant General Baron Stakelberg, dated June 16, 1:20 a. m.: "Yesterday I had intended to attack the enemy's right flank, but just as the troops had been assigned for the purpose and were beginning successfully to envelope the enemy's right flank, the Japanese in their turn attacked my right flank with superior forces, and I was compelled to retreat by three roads to the north. "Our losses are heavy, but they are not completely known. "During the engagement the Third and Fourth batteries of the First artillery brigade were literally cut to pieces by Japanese shells. "Of sixteen guns, thirteen were rendered useless and were abandoned. "The conduct of the troops was excellent, a large proportion of them refusing to retire until after they had been repeatedly ordered to do so."

### THE COST OF VICTORY

CASUALTIES ON THE JAPANESE SIDE PLACED AT ONE THOUSAND MEN.

Tokio, June 17.—In a fight which is reported to have taken place at Tetsu, on the railroad about eighty miles north of Port Arthur, the Russians lost 500 men killed, 300 taken prisoners and 14 guns. The casualties on the Japanese side are estimated at 1,000 men killed and wounded.

### POSITION IS PERILOUS

RUSSIANS FEAR THAT GENERAL STAKELBERG'S FORCE WILL BE WIPED OUT.

St. Petersburg, June 17.—The popular disappointment felt in St. Petersburg over the result of General Stakelberg's fight, which it had been hoped for the past thirty-six hours, might turn out to be a victory, is tempered somewhat by the knowledge that the Russian force was overwhelmed by numbers. General Stakelberg does not attempt to conceal the seriousness of his losses, but his report and the reports from all other Russian sources say that the retreat was not a rout. The fierce character of the fight is made evident by the fact that the Russians were again forced to abandon their guns, thus indicating, as in previous encounters, the superiority of the Japanese artillery.

The Russian official reports of the losses are awaited with the keenest interest. The war office declines to accept the Japanese figures unreservedly, although the officers admit that they believe the Russian casualties were severe.

The keenest interest is now manifested in the reported advance of two Japanese divisions from Suifu with the intention of taking General Stakelberg in the rear.

It is realized that if this report should prove true, the Russian commander may be unable to extricate himself and that, if he should be cut off from General Kuropatkin's main army, the fate of the detachment would be sealed.

The public derives some consolation from the foreign reports of the raid southward made by the Vladivostok squadron. While it is believed that the report that the squadron has returned to Vladivostok is correct, it has not yet been officially confirmed, and no news of the squadron's expedition has yet come from Russian sources.

### ONE RUSSIAN ACCOUNT.

Says Japs Were Forced Back With Heavy Loss.

Liaoyang, June 17.—The Japanese advance against General Stakelberg's position began early on the morning of June 13, the enemy moving up from Pulantun to Varandien, where at midday they came in contact with the Russian advance. Firing commenced on

the Japanese front, which extended eight miles, stretching from the mountains south of Vafangow to the valley of the Tasha.

The Russians soon discovered that the enemy had great, though not overwhelming, strength. The Japanese forces comprised two divisions of infantry, field and mountain artillery, and twelve squadrons of cavalry. They pressed the attack steadily without gaining ground and ceased firing at 5 o'clock.

There was a lull until 7 o'clock, when the Russians commenced to retire northward. The firing recommenced and the Russians withdrew without serious interference, the rear guard sleeping at Vafandien. The night passed quietly.

On the morning of June 14, the Japanese began the attack in three columns, the right creeping up the valley of the Tasha, the middle following the clearer line of the railway, and the left converging toward Vafangow. In view of the superiority of the Japanese, the Russians withdrew and took up a fresh position four miles south of Vafangow.

At 2 o'clock p. m., the Japanese artillery opened heavily on the Russian center and left flank. The Japanese attacked in magnificent style. The infantry assaults on the Russian left flank were repeated and terrific, but the Japanese failed to gain a foothold.

Darkness fell as the last attack was made, and the Japanese rolled back with heavy loss.

### BATTLE SOON TO OCCUR.

Russians Advance and Occupy Three Positions.

London, June 17.—A correspondent of the Daily Mail at Japanese headquarters, cabling from Antung under date of June 16, says that the Russians are advancing and have occupied Jongyongpu, Sumengtsu and Sanchiatan, and that a battle is expected immediately.

### TWO JAP TRANSPORTS SUNK.

Russian Warships Torpedo and Sink Helpless Vessels.

Tokio, June 17.—All doubt as to the sinking of the transports Hitachi and Sado by the Russians has been removed. Three hundred and ninety-seven survivors of the Hitachi arrived at Moji and 153 survivors of the Sado have arrived at Kokura.

Details obtainable from the survivors of the ill fated Japanese transports show that the Hitachi and the Sado met three Russian warships near Oki Island at 10 o'clock Wednesday morning. The Russians fired on the Japanese ships and stopped them and soon afterward they torpedoed and sank the helpless transports.

It is reported that the transports Hitachi and Sado carried only 1,400 men. If this is true the loss in lives probably is less than 1,000.

### MINNEAPOLIS SURGEON DEAD.

Victim of Heart Disease in a St. Louis Hotel.

St. Louis, June 17.—Dr. J. H. Dunn, a physician and surgeon of Minneapolis, was found dead in his room at the Southern hotel last evening. Heart disease is supposed to have caused death. Dr. Dunn was attending the sessions of the American Surgical association, before which he read a paper Thursday.

### ROBBED IN MONTANA

### NORTHERN PACIFIC PASSENGER

TRAIN HELD UP AND THE ENGINEER KILLED.

Butte, Mont., June 17.—The North Coast limited train on the Northern Pacific railroad, eastbound, was held up last night one mile east of Bearmouth, Mont., the scene of last year's holdup of the same train, when Engineer O'Neill was killed.

Three explosions of dynamite on the express car demolished the car. The engineer was killed in a fight with the robbers. The rear brakeman was sent back to Bearmouth, conveying word of the holdup.

A special was sent out from Missoula. The North Coast limited is still there. Wardens McTague and Conley of the penitentiary have sent a man and their best bloodhounds on a light locomotive and a box car to the scene. The plunder of the robbers is believed to be large. Two bandits have escaped in the large timber of the mountains.

### INSTRUCTED FOR PARKER.

Arkansas Democratic Delegation to St. Louis Convention.

Hot Springs, Ark., June 16.—The Arkansas Democratic convention Wednesday instructed for Judge Alton B. Parker for presidential candidate. The vote was: Parker, 258½; Hearst, 182½; John Sharp William, 1.

Governor Jefferson Davis heads the state ticket.

### SENT FROM CRIPPLE CREEK.

One Hundred and Forty-four Men Deported Since June 6.

Victor, Colo., June 1.—One hundred and forty-four union miners and their sympathizers have been deported from the Cripple Creek region since June 6 and about 60 are booked for exile. There remain as prisoners in the bull pens and jails at Cripple Creek and Victor 72 men, most of whom will probably be ordered out of camp within a fortnight.

## SEARCH FOR THE DEAD

FIVE HUNDRED AND THIRTY-SIX BODIES RECOVERED FROM SLOCUM WRECK.

### PLACED AT SEVEN HUNDRED

BUT DEATH LIST MAY EXCEED THAT FIGURE AND REACH ONE THOUSAND.

### LIST OF MISSING DECREASES

MANY OF THOSE THOUGHT TO HAVE PERISHED TURN UP ALIVE AND WELL.

New York, June 17.—With unceasing force search is going on for the bodies of those who perished on the steamer General Slocum. What the list of the victims will total one scarcely dare venture to guess.

Police and health department officials have placed the number at a figure as high as 1,000 souls, and more, but now it would seem that the maximum fatality will not largely exceed 700.

All day long anxious searchers kept up their eternal vigilance and at dusk there had been recovered 536 bodies, mostly women and children. Mothers who weeks ago had planned that fateful outing for their children, and little ones who had longed for the coming of the happy day.

Up to dusk 499 bodies had been passed through the morgue and of these more than 300 had been identified.

Down by the river, where the boats unloaded their dead, thousands gathered throughout the day. Streets leading to the morgue were blocked and only with difficulty could the police keep clear the passages leading to the long rows of coffins for those who came to search for the missing.

Up the Sound, where the bulk of the General Slocum lies submerged, showing only a charred paddlebox, scores of small craft aided tugs in grappling for the victims. Divers went down time and again and when their work ended for the day they declared there were no more bodies in the wreck. Scores of times divers reappeared after a plunge with the body of a woman or of a child. Two of them on one occasion had in their arms two little girls, sisters, clasped in each other's embrace and their mother whose dead hand tightly clutched the skirt of one of the children.

### Some May Yet Be in the Hulk.

As far as comes within their power the divers searched the wreck from stem to stern, but there were masses of broken timbers through which it was almost impossible to explore and it may be that some will find a grave under these sunken timbers until the hulk is raised or the waters of the Sound have washed away the last trace of the wreckage.

At this point the water is deep and the currents are swift, and beyond a doubt many have been borne along with the tides to be given up on a later day at some distant point.

There are a number of places where the living may have landed and it is believed that many that are now reported missing are safe and eventually will be heard from.

Last night a surprising number of persons said to be missing reported that they had been saved, thus cutting down the probable mortality list.

Many persons were injured in the panic which followed the breaking out of flames on the General Slocum and at least 200 persons were taken to hospitals. Not a death has occurred so far among these and many of them have been discharged.

Although many bodies taken to the morgue were mutilated and the clothing almost burned off, valuables have been taken from them and are in the keeping of city officials to the extent of \$200,000 or more. Much jewelry, according to the police, has been lost, but it may have been destroyed in the fire or lost, rather than have been stolen by ghouls.

### The Coroner's Investigation.

The coroner's investigation to fix the responsibility of the disaster will begin on Monday. Federal authorities will hold an investigation and the Society for the Prevention of Cruelty to Children, through its counsel, has signified its intention to press the inquiry to the utmost.

Information was received at the district attorney's office Thursday that Engineer Conkling, who was said to have perished in the disaster, is alive. Detectives are looking for him.

Mayor McClellan has issued a proclamation appointing a committee to receive contributions for the burial of the dead and relief of the suffering, and ordering the flags of the city hall at half mast as a sign of mourning.

Mayor McClellan visited the scene of the wreck with Health Commissioner Darlington, to whom he gave directions to have all the bodies that are burned beyond any hope of identification buried at once in the Lutheran cemetery at the city's expense.

George B. Cortelyou, secretary of commerce and labor, in whose depart-

ment is included the United States steamboat inspection service, has arrived to give personal direction to the investigation of the disaster.

He was in conference up to a late hour with Robert S. Rodie, supervising inspector.

Nearly 400 bodies have been identified out of the 536 of the dead recovered. Hardly more than 350 persons are now reported missing, which would seem to make possible a death list of a little more than 700. Estimates of New York papers range between 700 and 1,000.

### WIFE MURDERER EXECUTED.

Three Shocks Necessary to End Life of Michael Schiller.

Columbus, O., June 17.—Michael Schiller, a Youngstown, O., wife murderer, was electrocuted in the Ohio penitentiary between 12:02 and 12:30 o'clock this morning. It was the most unsatisfactory electrocution that has yet been performed in Ohio. Twice the condemned man was pronounced dead, but it was not until the third shock had been applied that life became extinct.

Schiller was a saloonkeeper at Youngstown and stabbed his wife to death on June 1, 1903. She had secured a divorce and was preparing to return to her old home in Hungary when she was murdered.

### RECEIVES MORTAL WOUND.

Russian Governor General of Finland Assassinated.

St. Petersburg, June 17.—General Bobrikoff, governor general of Finland, was shot and mortally wounded during the morning at the entrance to the Finnish senate at Helsingfors.

The assassin, a man named Schaumann, a son of Senator Schaumann, immediately committed suicide.

Bobrikoff was shot in the stomach and neck. He is being brought to St. Petersburg in a dying condition. The attack is ascribed to Finnish patriotism. Schaumann is believed to be a member of what is known as the Finnish Patriotic party.

### TWO IOWANS DISAPPEAR.

St. Louis Police Searching for the Missing Men.

St. Louis, June 17.—Two disappearances have been reported at the Iowa building at the world's fair, and the police are now searching for the missing persons. Both are men.

One of these is Dr. Fisher of Yale, Ia., who has not been seen by his friends since Tuesday. His wife, who came with him, is distracted.

The other disappearance is that of Captain Randolph Stry of the Fourth Iowa. The man is seventy-five years old and disappeared Wednesday afternoon from the palace of agriculture.

### SETTLES SOME CASES

### BUT THE REPUBLICAN COMMITTEE DOES NOT ACT ON WISCONSIN CONTEST.

Chicago, June 17.—After deciding several state contests of delegates at large to the Republican national convention and several district contests Thursday, the Republican national committee adjourned for the day, leaving the biggest fight, that of the factions of Wisconsin, still unsettled.

While there was much interest taken in the settlement by the committee of the contests in Delaware and Louisiana, the quarrel in Wisconsin is regarded as the most serious in the party and the outcome is anxiously awaited by Republicans and Democrats alike.

In the Delaware contest, the committee decided unanimously to seat the Delaware delegation which is headed by J. E. Addicks, and include United States Senator J. Frank Allee, John Hunn and Caleb R. Layton. The contest was between the Union Republicans and the regular Republicans and was a continuation of a fight which has been going on in Delaware for several years.

### Colored Delegates Seated.

It was decided also to seat the colored delegates at large from Louisiana, who are opposed to the "Lily White" Republicans of Louisiana. The vote on this contest, 23 to 13, caused some surprise. Not only did the contending party, the Cohen faction, win in the matter of delegates at large, but their representatives were victorious in practically all of the district contests in that state. The "Lily White" faction expected the contest would be decided in their favor and the colored delegates had practically given up hope of being successful before the committee. When the vote was announced the negro delegates were so demonstrative that it was some minutes before the committee could proceed with its work.

The committee decided to give the Philippine Islands a representation in the convention. Two delegates with the right to vote will be seated, thus putting the Philippines on a par with Porto Rico, which will have two voting representatives.

Chairman Henry C. Payne, who became ill and was unable to preside at the meeting of the committee Wednesday, was present Thursday when the committee was called to order.

### Harrison Will Contest.

Chicago, June 17.—Mayor Carter H. Harrison and his political managers have decided to file contests before the national Democratic convention in five of the Chicago districts.

## HEAVY LOSS OF LIFE

TWO HUNDRED AND FIFTY PERSONS PERISH IN FLOOD AT EL COBRE, CUBA.

### DAMAGE TO PROPERTY GREAT

MANY HOUSES WASHED AWAY AND CONSIDERABLE LIVE STOCK DROWNED.

Havana, June 17.—As there is no telegraphic station east of Victoria de las Tunas, 250 miles southeast of Havana and 100 miles northwest of Santiago, no definite information has been received of the extent of the damage caused in Santiago province by storm and flood, but a report to the government from the governor of Santiago province, which was sent on June 14 by train to Santa Clara and telegraphed from there, says that 250 lives have been lost in the village of El Cobre, where numerous houses have been washed away.

The streets of Santiago de Cuba and many buildings have been badly damaged, the report says and there have been immense losses in the country districts.

The governor has authorized the expenditure of \$2,000 for the relief of the victims.

### WORST STORM IN A DECADE.

Forty-Five Persons Dead and Scores of Others Missing.

Santiago de Cuba, June 15, by steamer to Manzanillo, June 17.—The worst storm of a decade began Friday and terminated Monday night in fourteen inches of rain, which fell in five hours, accompanied by a hurricane.

The lower village of El Cobre has been destroyed.

Forty-five persons are known to be dead and scores are missing. Bodies are floating in the Cobre river. Twenty bodies have been recovered by boats patrolling the bay.

All the bridges on the Cobre railway are out and many bridges have been lost on the Cuba railway.

A train which left Havana Saturday is held between washouts forty miles inland.

A relief train, bringing mail and passengers, was wrecked at Moron. The fireman and mail agent were killed and two employees were injured. The passengers are safe.

The mines at Balquiri are crippled, and six employees have been drowned. The pier has been damaged.

The city's property loss is enormous. All telegraph and cable lines are disabled.

### TEN BODIES RECOVERED.

But Much Greater Loss of Life Probably Occurred.

Guantanamo, Cuba, June 17.—A severe storm has swept over Guantanamo. There were showers all Monday and at night a steady downpour of rain began, lasting till noon on Tuesday. The Guaso, the Bano and the Jaibo rivers were out of their banks and sweeping the country, causing loss of life and property. Ten bodies have been recovered thus far but much greater loss of life is thought to have occurred. There are large numbers of dead cattle along the banks.

The steamer Tamas Brooks, plying between Hayti and Santiago, is reported lost.

Business is almost paralyzed.

### CAPTIVES FURTHER IMPERILLED.

Worst Type of Moorish Troops Land at Tangier.

Tangier, Morocco, June 17.—About 400 Moorish troops of the worst type were landed here Thursday. They were sent by the sultan for the protection of Europeans. These troops had an exceedingly bad reputation at Casa Blanca, whence they came to Tangier. The residents of this city are uneasy as the troops have no discipline whatever and endanger life and property. Their arrival is exceedingly dangerous to Messrs. Perdicaris and Varley. Raisuli is almost certain to consider this treachery on the part of the sultan and cease the negotiations, which up to the present appear favorable.

The British and American authorities were entirely ignorant of this move until the troops landed, and strongly protested to Mohammed El Torres, the representative of the sultan. The commander of the troops brings letters announcing that more soldiers will probably arrive here soon.

### JURY COULD NOT AGREE.

Failed to Dispose of Newspaper Manager Conger's Case.

Grand Rapids, Mich., June 17.—After being out over twenty-four hours the jury in the case of E. D. Conger, manager of the Herald in this city, charged with conspiracy in connection with the Lake Michigan water deal, came into court and reported a disagreement. They were discharged.

### Indian Found Guilty of Murder.

Oshkosh, Wis., June 17.—In the United States court last evening, the jury in the case of Joseph Matchapow, alias Sullivan, the Menominee Indian charged with the murder of his wife, brought in a verdict of guilty. A motion for arrest of judgment will be argued today.

### BATTLE SOON TO OCCUR.

Russians Advance and Occupy Three Positions.

London, June 17.—A correspondent of the Daily Mail at Japanese headquarters, cabling from Antung under date of June 16, says that the Russians are advancing and have occupied Jongyapu, Sumengtsu and Sanchiatan, and that a battle is expected immediately.

### TWO JAP TRANSPORTS SUNK.

Russian Warships Torpedoed and Sink Helpless Vessels.

Tokio, June 17.—All doubt as to the sinking of the transports Hitachi and Sado by the Russians has been removed. Three hundred and ninety-seven survivors of the Hitachi arrived at Moji and 153 survivors of the Sado have arrived at Kokura.

Details obtainable from the survivors of the ill fated Japanese transports show that the Hitachi and the Sado met three Russian warships near Oki island at 10 o'clock Wednesday morning. The Russians fired on the Japanese ships and stopped them and soon afterward they torpedoed and sank the helpless transports.

It is reported that the transports Hitachi and Sado carried only 1,400 men. If this is true the loss in lives probably is less than 1,900.

### MINNEAPOLIS SURGEON DEAD.

Victim of Heart Disease in a St. Louis Hotel.

St. Louis, June 17.—Dr. J. H. Dunn, a physician and surgeon of Minneapolis, was found dead in his room at the Southern hotel last evening. Heart disease is supposed to have caused death. Dr. Dunn was attending the sessions of the American Surgical association, before which he read a paper Thursday.

### ROBBED IN MONTANA

### NORTHERN PACIFIC PASSENGER

TRAIN HELD UP AND THE ENGINEER KILLED.

Butte, Mont., June 17.—The North Coast limited train on the Northern Pacific railroad, eastbound, was held up last night one mile east of Bearmouth, Mont., the scene of last year's holdup of the same train, when Engineer O'Neill was killed.

Three explosions of dynamite on the express car demolished the car. The engineer was killed in a fight with the robbers. The rear brakeman was sent back to Bearmouth, conveying word of the holdup.

A special was sent out from Missoula. The North Coast limited is still there. Wardens McTague and Conley of the penitentiary have sent a man and their best bloodhounds on a light locomotive and a box car to the scene. The plunder of the robbers is believed to be large. Two bandits have escaped in the large timber of the mountains.

### INSTRUCTED FOR PARKER.

Arkansas Democratic Delegation to St. Louis Convention.

Hot Springs, Ark., June 16.—The Arkansas Democratic convention Wednesday instructed for Judge Alton B. Parker for presidential candidate. The vote was: Parker, 258 1/2; Hearst, 18 1/2; John Sharp William, 1.

Governor Jefferson Davis heads the state ticket.

### SENT FROM CRIPPLE CREEK.

One Hundred and Forty-four Men Deported Since June 6.

Victor, Colo., June 1.—One hundred and forty-four union miners and their sympathizers have been deported from the Cripple Creek region since June 6 and about 60 are booked for exile. There remain as prisoners in the bull pens and jails at Cripple Creek and Victor 72 men, most of whom will probably be ordered out of camp within a fortnight.

## SEARCH FOR THE DEAD

FIVE HUNDRED AND THIRTY-SIX BODIES RECOVERED FROM SLOCUM WRECK.

PLACED AT SEVEN HUNDRED

BUT DEATH LIST MAY EXCEED THAT FIGURE AND REACH ONE THOUSAND.

### LIST OF MISSING DECREASES

MANY OF THOSE THOUGHT TO HAVE PERISHED TURN UP ALIVE AND WELL.

New York, June 17.—With unceasing force search is going on for the bodies of those who perished on the steamer General Slocum. What the list of the victims will total one scarcely dare venture to guess.

Police and health department officials have placed the number at a figure as high as 1,000 souls, and more, but now it would seem that the maximum fatality will not largely exceed 700.

All day long anxious searchers kept up their eternal vigilance and at dusk there had been recovered 536 bodies, mostly women and children. Mothers who weeks ago had planned that fateful outing for their children, and little ones who had longed for the coming of the happy day.

Up to dusk 499 bodies had been passed through the morgue and of these more than 300 had been identified.

Down by the river, where the boats unloaded their dead, thousands gathered throughout the day. Streets leading to the morgue were blocked and only with difficulty could the police keep clear the passages leading to the long rows of coffins for those who came to search for the missing.

Up the Sound, where the hulk of the General Slocum lies submerged, showing only a charred paddlebox, scores of small craft aided tugs in grappling for the victims. Divers went down time and again and when their work ended for the day they declared there were no more bodies in the wreck. Scores of times divers reappeared after a plunge with the body of a woman or of a child. Two of them on one occasion had in their arms two little girls, sisters, clasped in each other's embrace and their mother whose dead hand tightly clutched the skirt of one of the children.

### Some May Yet Be in the Hulk.

As far as comes within their power the divers searched the wreck from stem to stern, but there were masses of broken timbers through which it was almost impossible to explore and it may be that some will find a grave under these sunken timbers until the hulk is raised or the waters of the Sound have washed away the last trace of the wreckage.

At this point the water is deep and the currents are swift, and beyond a doubt many have been borne along with the tides to be given up on a later day at some distant point.

There are a number of places where the living may have landed and it is believed that many that are now reported missing are safe and eventually will be heard from.

Last night a surprising number of persons said to be missing reported that they had been saved, thus cutting down the probable mortality list.

Many persons were injured in the panic which followed the breaking out of flames on the General Slocum and at least 200 persons were taken to hospitals. Not a death has occurred so far among these and many of them have been discharged.

Although many bodies taken to the morgue were mutilated and the clothing almost burned off, valuables have been taken from them and are in the keeping of city officials to the extent of \$200,000 or more. Much jewelry, according to the police, has been lost, but it may have been destroyed in the fire or lost, rather than have been stolen by ghouls.

### The Coroner's Investigation.

The coroner's investigation to fix the responsibility of the disaster will begin on Monday. Federal authorities will hold an investigation and the Society for the Prevention of Cruelty to Children, through its counsel, has signified its intention to press the inquiry to the utmost.

Information was received at the district attorney's office Thursday that Engineer Conkling, who was said to have perished in the disaster, is alive. Detectives are looking for him.

Mayor McClellan has issued a proclamation appointing a committee to receive contributions for the burial of the dead and relief of the suffering, and ordering the flags of the city hall at half mast as a sign of mourning.

ment is included the United States steamboat inspection service, has arrived to give personal direction to the investigation of the disaster.

He was in conference up to a late hour with Robert S. Rodie, supervising inspector.

Nearly 400 bodies have been identified out of the 536 of the dead recovered. Hardly more than 250 persons are now reported missing, which would seem to make possible a death list of a little more than 700. Estimates of New York papers range between 700 and 1,000.

### WIFE MURDERER EXECUTED.

Three Shocks Necessary to End Life of Michael Schiller.

Columbus, O., June 17.—Michael Schiller, a Youngstown, O., wife murderer, was electrocuted in the Ohio penitentiary between 12:02 and 12:30 o'clock this morning. It was the most unsatisfactory electrocution that has yet been performed in Ohio. Twice the condemned man was pronounced dead, but it was not until the third shock had been applied that life became extinct.

Schiller was a saloonkeeper at Youngstown and stabbed his wife to death on June 1, 1903. She had secured a divorce and was preparing to return to her old home in Hungary when she was murdered.

### RECEIVES MORTAL WOUND.

Russian Governor General of Finland Assassinated.

St. Petersburg, June 17.—General Bobrikoff, governor general of Finland, was shot and mortally wounded during the morning at the entrance to the Finnish senate at Helsingfors.

The assassin, a man named Schaumann, a son of Senator Schaumann, immediately committed suicide.

Bobrikoff was shot in the stomach and neck. He is being brought to St. Petersburg in a dying condition. The attack is ascribed to Finnish patriotism. Schaumann is believed to be a member of what is known as the Finnish Patriotic party.

### TWO IOWANS DISAPPEAR.

St. Louis Police Searching for the Missing Men.

St. Louis, June 17.—Two disappearances have been reported at the Iowa building at the world's fair, and the police are now searching for the missing persons. Both are men.

One of these is Dr. Fisher of Yale, Ia., who has not been seen by his friends since Tuesday. His wife, who came with him, is distracted.

The other disappearance is that of Captain Randolph Stry of the Fourth Iowa. The man is seventy-five years old and disappeared Wednesday afternoon from the palace of agriculture.

### SETTLES SOME CASES

### BUT THE REPUBLICAN COMMITTEE DOES NOT ACT ON WISCONSIN CONTEST.

TEE DOES NOT ACT ON WISCONSIN CONTEST.

Chicago, June 17.—After deciding several state contests of delegates at large to the Republican national convention and several district contests Thursday, the Republican national committee adjourned for the day, leaving the biggest fight, that of the factions of Wisconsin, still unsettled. While there was much interest taken in the settlement by the committee of the contests in Delaware and Louisiana, the quarrel in Wisconsin is regarded as the most serious in the party and the outcome is anxiously awaited by Republicans and Democrats alike.

In the Delaware contest, the committee decided unanimously to seat the Delaware delegation which is headed by J. E. Addicks, and include United States Senator J. Frank Allee, John Hunn and Caleb R. Layton. The contest was between the Union Republicans and the regular Republicans and was a continuation of a fight which has been going on in Delaware for several years.

### Colored Delegates Seated.

It was decided also to seat the colored delegates at large from Louisiana, who are opposed to the "Lily White" Republicans of Louisiana. The vote on this contest, 23 to 13, caused some surprise. Not only did the contending party, the Cohen faction, win in the matter of delegates at large, but their representatives were victorious in practically all of the district contests in that state. The "Lily White" faction expected the contest would be decided in their favor and the colored delegates had practically given up hope of being successful before the committee. When the vote was announced the negro delegates were so demonstrative that it was some minutes before the committee could proceed with its work.

The committee decided to give the Philippine Islands a representation in the convention. Two delegates with the right to vote will be seated, thus putting the Philippines on a par with Porto Rico, which will have two voting representatives.

Chairman Henry C. Payne, who became ill and was unable to preside at the meeting of the committee Wednesday, was present Thursday when the committee was called to order.

### Harrison Will Contest.

Chicago, June 17.—Mayor Carter H. Harrison and his political managers have decided to file contests before the national Democratic convention in five of the Chicago districts.

## HEAVY LOSS OF LIFE

TWO HUNDRED AND FIFTY PERSONS PERISH IN FLOOD AT EL COBRE, CUBA.

DAMAGE TO PROPERTY GREAT

MANY HOUSES WASHED AWAY AND CONSIDERABLE LIVE STOCK DROWNED.

Havana, June 17.—As there is no telegraphic station east of Victoria de las Tunas, 250 miles southeast of Havana and 100 miles northwest of Santiago, no definite information has been received of the extent of the damage caused in Santiago province by storm and flood, but a report to the government from the governor of Santiago province, which was sent on June 14 by train to Santa Clara and telegraphed from there, says that 250 lives have been lost in the village of El Cobre, where numerous houses have been washed away.

The streets of Santiago de Cuba and many buildings have been badly damaged, the report says and there have been immense losses in the country districts.

The governor has authorized the expenditure of \$2,000 for the relief of the victims.

### WORST STORM IN A DECADE.

Forty-Five Persons Dead and Scores of Others Missing.

Santiago de Cuba, June 15, by steamer to Manzanillo, June 17.—The worst storm of a decade began Friday and terminated Monday night in fourteen inches of rain, which fell in five hours, accompanied by a hurricane.

The lower village of El Cobre has been destroyed.

Forty-five persons are known to be dead and scores are missing. Bodies are floating in the Cobre river. Twenty bodies have been recovered by boats patrolling the bay.

All the bridges on the Cobre railway are out and many bridges have been lost on the Cuba railway.

A train which left Havana Saturday is held between washouts forty miles inland.

A relief train, bringing mail and passengers, was wrecked at Moron. The fireman and mail agent were killed and two employees were injured. The passengers are safe.

The mines at Baiquiri are crippled, and six employees have been drowned. The pier has been damaged.

The city's property loss is enormous. All telegraph and cable lines are disabled.

### TEN BODIES RECOVERED.

But Much Greater Loss of Life Probably Occurred.

Guantanamo, Cuba, June 17.—A severe storm has swept over Guantanamo. There were showers all Monday and at night a steady downpour of rain began, lasting till noon on Tuesday. The Guaso, the Bano and the Jaibo rivers were out of their banks and sweeping the country, causing loss of life and property. Ten bodies have been recovered thus far but much greater loss of life is thought to have occurred. There are large numbers of dead cattle along the banks.

The steamer Tamas Brooks, plying between Hayti and Santiago, is reported lost.

Business is almost paralyzed.

### CAPTIVES FURTHER IMPERILED.

Worst Type of Moorish Troops Land at Tangier.

Tangier, Morocco, June 17.—About 400 Moorish troops of the worst type were landed here Thursday. They were sent by the sultan for the protection of Europeans. These troops had an exceedingly bad reputation at Casa Blanca, whence they came to Tangier. The residents of this city are uneasy, as the troops have no discipline whatever and endanger life and property. Their arrival is exceedingly dangerous to Messrs. Pedicaris and Varley. Rainfall is almost certain to consider this treachery on the part of the sultan and cease the negotiations, which up to the present appear favorable.

The British and American authorities were entirely ignorant of this move until the troops landed, and strongly protested to Mohammed El Torres, the representative of the sultan. The commander of the troops brings letters announcing that more soldiers will probably arrive here soon.

### JURY COULD NOT AGREE.

Failed to Dispose of Newspaper Manager Conger's Case.

Grand Rapids, Mich., June 17.—After being out over twenty-four hours the jury in the case of E. D. Conger, manager of the Herald in this city, charged with conspiracy in connection with the Lake Michigan water deal, came into court and reported a disagreement. They were discharged.

### Indian Found Guilty of Murder.

Oshkosh, Wis., June 17.—In the United States court last evening, the jury in the case of Joseph Matchapaw, alias Sullivan, the Menominee Indian charged with the murder of his wife, brought in a verdict of guilty. A motion for arrest of judgment will be argued today.

## LAND SALE WAS REGULAR.

The Arena in its issue today published a rehash of the statements made regarding a land sale held in Brainerd in 1901 by R. C. Dunn, then state auditor, in which it was charged that discrimination was made in certain cases and that certain land was sold at a less figure than was bid for it. These articles were published in the Arena in March and April, 1901, at the time the paper was being run as a democratic organ and were aimed at Mr. Dunn, a republican official. The republishing of them at this time is at the instigation of the Collins contingent who are using all means to throw discredit upon Mr. Dunn in his candidacy for the republican nomination of governor and the effort in this instance will fall flat. The matter was thoroughly threshed over at the time and Mr. Dunn demanded an investigation, the legislature being in session at the time the charges were made, but as there was nothing to investigate the matter was dropped.

## LOCAL NEWS NOTES.

C. N. Parker is in from Parkerville this morning.

Joe Howe left this afternoon for Crookston on business.

Mons Mahlum and family are spending a few days at the lakes.

Prof. Hanft is rusticated at his ranch north of the city these days.

H. L. Jones, division storekeeper, left this afternoon for St. Paul on business.

Supt. Hartley, of the city schools, returned this afternoon from a trip south.

Prof. Gleason, the blind piano tuner, came in from the south this afternoon.

President LaBar, of the First National, came in from the east this afternoon.

Sheriff Erickson returned last night from Cloquet where he went on business.

Attorney W. H. Crowell left this afternoon for St. Cloud on legal business.

P. H. McGarry, of Walker, was in the city for a short time this noon on business.

W. H. Clearey left for St. Paul this afternoon to spend Sunday with his mother.

J. Theines, of St. Paul, has been in the city for a short time visiting with his brother, Frank.

F. E. Low left for Minneapolis this afternoon on business. He expects to return in a day or two.

C. E. McMillin, of Motley, arrived in the city this afternoon to take in the Eagles' blowout this evening.

Gene and Annie Schoffman, of Morgan, Minn., are in the city visiting with their grandmother, Mrs. Lorentz.

There will be a blackboard talk on Sunday afternoon at the Y. M. C. A. by Attorney A. T. Larson and C. Bruhn.

Miss M. Carr and Miss F. Skiles left this afternoon for their homes in Nebraska. The former goes to Bancroft and the latter to Wayne.

Walter Wieland came home today from Hamline where he has been visiting for a short time after returning from the big fair at St. Louis.

Miss Mayme Canan's many friends will be glad to learn that she is slowly improving at St. Joseph's hospital after a rather seige of sickness.

C. Woodley and wife have gone to Lenox to visit.

Mrs. A. C. Ford and children left today for Winona.

J. H. O'Kelleher, of Blackduck, was in the city today on business.

Mr. Nord, of the Northwest Locating Co., of Ft. Francis, is in the city.

A daughter has been born to Mr. and Mrs. Andrew Robertson.

Mrs. J. M. Quinn and son, Ralph, are expected home tomorrow from St. Paul.

Mike Hawkins came down from Blackduck this noon and is visiting relatives. Chas. Rose returned from Staples this afternoon where he has been on business.

W. B. Jones, of Sylvan Lake, came in this afternoon to be present at the Eagle doings this evening.

Walter Bennett left for St. Paul last night to meet his father who has been attending the firemen's tournament at Pipestone.

Auditor A. Mahlum and M. J. Quam, of Walker, returned this afternoon from St. Louis where they have been doing the big fair.

Mrs. H. F. Simmons, of Syracuse, N. Y., who has been the guest of Mrs. J. P. Early for a few days, left this afternoon for the south.

Miss Elsie English left this afternoon for St. Paul where she will stay with Mrs. W. H. Gemmell during the balance of the summer.

A. B. Johnson, son of Sol Johnson, who went to California several months ago, returned today and will remain here during the summer.

Mrs. J. M. Heffner and Miss Winnie Smith left this afternoon for Lake City where they will remain during the balance of the encampment.

Mr. and Mrs. J. B. Parker and Mrs. E. C. Tennis, of South Tacoma, who have been visiting at the home of Mr. and Mrs. Judd Wright, left today for Park Rapids for a short visit.

The man Keeley who was injured a short time ago at the mill by being run down by an M. & I. switch engine is improving rapidly at St. Joseph's hospital and it is now thought he will recover.

Rev. H. P. Parshall, of St. Cloud, passed through the city this afternoon en route home from Duluth where he has been attending the convocation of the Duluth diocese of the Episcopal church.

Pleasant Grove Homestead No. 1059, B. A. Y., will give an ice cream social and dance Saturday evening at Bert Fabin's residence on Mill street. Ice cream, strawberries and hot coffee will be served.

Claude Winters, Joe Weitzel, Matt Hanson, Oscar Hegber and E. Ovig returned this morning from Pipestone where they attended the state firemen's convention and tournament. They report a very pleasant time and an enthusiastic meeting.

The marriage of Mr. Henry L. Stearns and Miss Myrtle Bills is announced. The bride is a popular school teacher and has taught in various districts in the county for the past year or two. The groom is a son of Mr. and Mrs. J. W. Stearns of the South side and is well known in this city. Rev. Harry W. Knowles performed the marriage ceremony.

Will Poppenberg, who was operated on some time ago at the N. P. Sanitarium, and who had a relapse is a very sick boy and there are doubts regarding his recovery. Henry Poppenberg, who is at Savanna, Ill., has been sent for. The young man got out too quick, it is thought, and contracted typhoid pneumonia.

The owners of the Winnipeg theatre building have already started to make the alterations desired by the city and it is confidently expected that the theatre will be ready for reopening by exhibition week. Manager C. P. Walker leaves for New York at once to secure attractions and to complete his booking list for the coming season.—Manitoba Free Press.

Walter Allen, who has been home visiting with his parents, Mrs. and Mrs. George Allen, left this afternoon for Devils Lake, N. D., where he will play with the North Dakota State band during the military encampment. After he concludes his engagement there he will return to Fargo where he has a position in a large machinery house for the summer. He will take up his studies next year again at the North Dakota Agricultural college at Fargo.

New line of wall paper at D. M. Clark & Co.

## IMPORTANT NOTICE.

A special term of court will be held June 18 for the issuance of naturalization papers. THIS WILL BE THE LAST CHANCE TO GET PAPERS in order to vote this fall. Applicants must bring their first papers.

## BUNCH OF BUZZARDS TO GET THEIR BUMPS

Brainerd Aerie, F. O. E., will Have Big Time at their Meeting This Evening

A BIG CLASS FROM AITKIN

Will be Initiated Besides Several Others to be Followed by a Banquet.

There will be something doing tonight in Eagle circles. Brainerd Aerie, No. 287, F. O. E., has arranged for a big meeting and a large number of poor, crippled, squint eyed buzzards have been caught and are caged up for the event. They are being fed on pepper sauce and Dutch wafers this afternoon, with a little squirt of bitters on the side, and at last reports they are getting right down to that condition when they want to dance and prance all the time.

Most of the class tonight will consist of Aitkinites, the following having arrived this noon to be initiated: G. H. Singleton, Harry Beecher, Arthur Clough, A. C. Young, John Mitchell and Frank O'Neill.

Worthy President Sargent has looked the cullinary department over and he states that there will be great doings after the work also when a swell banquet will be served. It will be a banner event for all Eagles and there should be a large attendance.

## Fire Warden's Report.

The ninth annual report, just issued, of the chief fire warden states that the standing timber in Minnesota is worth easily \$100,000,000 and it is this property which the fire warden system seeks to protect. The state itself owns 2,500,000 acres of land, a part of which is forested and protected by the fire warden system. The state last November sold \$500,000 worth of timber from its own land, and has in all received \$4,000,000 for just the timber sold from exclusively its lands which it received as a gift from the United States. The state will continue for many years to sell timber of various kinds from these lands, and is on this particular account deeply interested in preventing damage by forest fires.

THE DAILY DISPATCH brought to your door for only 40 cents per month.

## The Length of a Dream.

"The other afternoon," said a doctor, "I called to see a patient, and, much to my satisfaction, I found him sleeping soundly. I sat by his bed, felt his pulse without disturbing him and waited for him to awaken. After a few minutes a dealer's cart, with discordant ringing bells, turned into the street, and as their first tones reached me my patient opened his eyes. "Doctor," he said, "I'm glad to see you and awfully glad that you woke me, for I have been tortured by a most distressing dream that must have lasted for several hours. I dreamed that I was sick, as I am, and that my boy came into the room with a string of most horribly sounding bells and rang them in my ears, while I hadn't the power to move or speak to him. I suffered tortures for what appeared to be interminable time, and I'm so glad you awoke me."

"The ringing of those bells for one second had caused all of that dream and just at the waking moment."—Liverpool Post.

## Flaubert and France.

Flaubert believed almost to the end in the free guerrilla crops, in the "avengers to the death;" he believed that all men are soldiers and every mob an army; he believed in Glais-Bizot and Cremieux; he believed in the proclamations; he believed in the "balloon of deliverance;" he believed in "the oath to conquer or die;" he believed that the retreats of our armies were only "strategical movements;" he believed that Rouen would blow itself into the air rather than suffer the enemy to enter into its walls; he believed that Paris would never capitulate; he believed in the sorties that were to be as a "flood overwhelming the besiegers;" he believed in the European intervention, in the utter exhaustion of the Germans. He believed in everything except defeat.—Maxime du Camp's "Literary Recollections."

## East Indian Etiquette.

A letter sent to a native prince in India is often a very elaborate affair. The paper is specially made for the purpose and is sprinkled with gold leaf. Only the last few lines of the somewhat lengthy document contain the purport of the letter, while the remainder is made up of the usual round-about and complimentary phrases. It is folded in a peculiar way, with the flaps outward, and placed in a muslin bag, and this latter into one of crimson and gold tint, with a slipknot of gold thread, attached to which is a ponderous seal. The address, written on a slip of parchment, is attached to the outside bag. These details are very important for polite letter writing in India, and if any one of them were omitted it would be an insult to the person addressed.

Supt. Hartley, of the city schools, returned this afternoon from a trip south.

Prof. Gleason, the blind piano tuner, came in from the south this afternoon.

President LaBar, of the First National, came in from the east this afternoon.

Sheriff Erickson returned last night from Cloquet where he went on business.

Attorney W. H. Crowell left this afternoon for St. Cloud on legal business.

P. H. McGarry, of Walker, was in the city for a short time this noon on business.

W. H. Clearey left for St. Paul this afternoon to spend Sunday with his mother.

J. Theines, of St. Paul, has been in the city for a short time visiting with his brother, Frank.

F. E. Low left for Minneapolis this afternoon on business. He expects to return in a day or two.

C. E. McMillin, of Motley, arrived in the city this afternoon to take in the Eagles' blowout this evening.

Gene and Annie Schoffman, of Morgan, Minn., are in the city visiting with their grandmother, Mrs. Lorentz.

There will be a blackboard talk on Sunday afternoon at the Y. M. C. A. by Attorney A. T. Larson and C. Bruhn.

Miss M. Carr and Miss F. Skiles left this afternoon for their homes in Nebraska. The former goes to Bancroft and the latter to Wayne.

Walter Wieland came home today from Hamline where he has been visiting for a short time after returning from the big fair at St. Louis.

Miss Mayme Canan's many friends will be glad to learn that she is slowly improving at St. Joseph's hospital after a rather seige of sickness.

C. Woodley and wife have gone to Lenox to visit.

Mrs. A. C. Ford and children left today for Winona.

J. H. O'Kelleher, of Blackduck, was in the city today on business.

Mr. Nord, of the Northwest Locating Co., of Ft. Francis, is in the city.

A daughter has been born to Mr. and Mrs. Andrew Robertson.

Mrs. J. M. Quinn and son, Ralph, are expected home tomorrow from St. Paul.

Mike Hawkins came down from Blackduck this noon and is visiting relatives.

Chas. Rose returned from Staples this afternoon where he has been on business.

W. B. Jones, of Sylvan Lake, came in this afternoon to be present at the Eagle doing this evening.

Walter Bennett left for St. Paul last night to meet his father who has been attending the firemen's tournament at Pipestone.

Auditor A. Mahlum and M. J. Quam, of Walker, returned this afternoon from St. Louis where they have been doing the big fair.

Mrs. H. F. Simmons, of Syracuse, N. Y., who has been the guest of Mrs. J. P. Early for a few days, left this afternoon for the south.

Miss Elsie English left this afternoon for St. Paul where she will stay with Mrs. W. H. Gemmell during the balance of the summer.

A. B. Johnson, son of Sol Johnson, who went to California several months ago, returned today and will remain here during the summer.

Mrs. J. M. Heffner and Miss Winnie Smith left this afternoon for Lake City where they will remain during the balance of the encampment.

Mr. and Mrs. J. B. Parker and Mrs. E. C. Tennis, of South Tacoma, who have been visiting at the home of Mr. and Mrs. Judd Wright, left today for Park Rapids for a short visit.

The man Keeley who was injured a short time ago at the mill by being run down by an M. & I. switch engine is improving rapidly at St. Joseph's hospital and it is now thought he will recover.

Rev. H. F. Parshall, of St. Cloud, passed through the city this afternoon en route home from Duluth where he has been attending the convocation of the Duluth diocese of the Episcopal church.

Pleasant Grove Homestead No. 1059, B. A. Y., will give an ice cream social and dance Saturday evening at Bert Fabin's residence on Mill street. Ice cream, strawberries and hot coffee will be served.

Claude Winters, Joe Weitzel, Matt Hanson, Oscar Hegber and E. Ovig returned this morning from Pipestone where they attended the state firemen's convention and tournament. They report a very pleasant time and an enthusiastic meeting.

The marriage of Mr. Henry L. Stearns and Miss Myrtle Bills is announced. The bride is a popular school teacher and has taught in various districts in the county for the past year or two. The groom is a son of Mr. and Mrs. J. W. Stearns of the South side and is well known in this city. Rev. Harry W. Knowles performed the marriage ceremony.

Will Poppenberg, who was operated on some time ago at the N. P. Sanitarium, and who had a relapse is a very sick boy and there are doubts regarding his recovery. Henry Poppenberg, who is at Savanna, Ill., has been sent for. The young man got out too quick, it is thought, and contracted typhoid pneumonia.

The owners of the Winnipeg theatre building have already started to make the alterations desired by the city and it is confidently expected that the theatre will be ready for reopening by exhibition week. Manager C. P. Walker leaves for New York at once to secure attractions and to complete his booking list for the coming season.—Manitoba Free Press.

Walter Allen, who has been home visiting with his parents, Mrs. and Mrs. George Allen, left this afternoon for Devils Lake, N. D., where he will play with the North Dakota State band during the military encampment. After he concludes his engagement there he will return to Fargo where he has a position in a large machinery house for the summer. He will take up his studies next year again at the North Dakota Agricultural college at Fargo.

## BUNCH OF BUZZARDS TO GET THEIR BUMPS

Brainerd Aerie, F. O. E., will Have Big Time at their Meeting This Evening

## A BIG CLASS FROM AITKIN

Will be Initiated Besides Several Others to be Followed by a Banquet.

There will be something doing tonight in Eagle circles. Brainerd Aerie, No. 287, F. O. E., has arranged for a big meeting and a large number of poor, crippled, squint eyed buzzards have been caught and are caged up for the event. They are being fed on pepper sauce and Dutch wafers this afternoon, with a little squirt of bitters on the side, and at last reports they are getting right down to that condition when they want to dance and prance all the time.

Most of the class tonight will consist of Aitkinites, the following having arrived this noon to be initiated: G. H. Singleton, Harry Beecher, Arthur Clough, A. C. Young, John Mitchell and Frank O'Neill.

Worthy President Sargent has looked the culinary department over and he states that there will be great doings after the work also when a swell banquet will be served. It will be a banner event for all Eagles and there should be a large attendance.

## Fire Warden's Report.

The ninth annual report, just issued, of the chief fire warden states that the standing timber in Minnesota is worth easily \$100,000,000 and it is this property which the fire warden system seeks to protect. The state itself owns 2,500,000 acres of land, a part of which is forested and protected by the fire warden system. The state last November sold \$500,000 worth of timber from its own land, and has in all received \$4,000,000 for just the timber sold from exclusively its lands which it received as a gift from the United States. The state will continue for many years to sell timber of various kinds from these lands, and is on this particular account deeply interested in preventing damage by forest fires.

THE DAILY DISPATCH brought to your door for only 40 cents per month.

## The Length of a Dream.

"The other afternoon," said a doctor, "I called to see a patient, and, much to my satisfaction, I found him sleeping soundly. I sat by his bed, felt his pulse without disturbing him and waited for him to awaken. After a few minutes a dealer's cart, with discordant ringing bells, turned into the street, and as their first tones reached me my patient opened his eyes.

"Doctor," he said, "I'm glad to see you and awfully glad that you woke me, for I have been tortured by a most distressing dream that must have lasted for several hours. I dreamed that I was sick, as I am, and that my boy came into the room with a string of most horribly sounding bells and rang them in my ears, while I hadn't the power to move or speak to him. I suffered tortures for what appeared to be interminable time, and I'm so glad you awoke me."

"The ringing of those bells for one second had caused all of that dream and just at the waking moment."—Liverpool Post.

## Flaubert and France.

Flaubert believed almost to the end in the free guerrilla crops, in the "avengers to the death," he believed that all men are soldiers and every mob an army; he believed in Glais-Bizot and Cremerieux; he believed in the proclamations; he believed in the "balloon of deliverance;" he believed in "the oath to conquer or die;" he believed that the retreats of our armies were only "strategical movements;" he believed that Rouen would blow itself into the air rather than suffer the enemy to enter into its walls; he believed that Paris would never capitulate; he believed in the sorties that were to be as a "flood overwhelming the besiegers;" he believed in the European intervention, in the arrival of the Americans, in the utter exhaustion of the Germans. He believed in everything except defeat.—Maxime du Camp's "Literary Recollections."

## East Indian Etiquette.

A letter sent to a native prince in India is often a very elaborate affair. The paper is specially made for the purpose and is sprinkled with gold leaf. Only the last few lines of the somewhat lengthy document contain the purport of the letter, while the remainder is made up of the usual round-about and complimentary phrases. It is folded in a peculiar way, with the flaps outward, and placed in a muslin bag, and this latter into one of crimson and gold tint, with a slipknot of gold thread, attached to which is a ponderous seal. The address, written on a slip of parchment, is attached to the outside bag. These details are very important for polite letter writing in India, and if any one of them were omitted it would be an insult to the person addressed.

## TERRIBLE FALL

### OF BALOONIST

John Curra, Who Tried to Make  
Ascension at Staples this  
Morning, Failed.

HE FELL TWO HUNDRED FEET  
And Was Carried to His Hotel on  
a Stretcher, But at Last  
Reports Was Alive.

John Curra, a balloonist, had an experience this morning at Staples which will in all probability result in his never attempting to make another ascension.

He had been engaged for the big Woodman picnic at Staples to make one ascension a day. This morning he went up and there was a large crowd out to see him float up and above the steeple tops and dangle in the air. He went up about two hundred feet and in some manner got tangled in the ropes of the parachute.

For an instant no one realized that there was anything wrong but finally they could see his body leap from the ropes of the big balloon and swerve for a moment to and fro in mid-air while the crowd held their breath and in the next moment they saw the man shoot downward with terrific force. The crowd hurried to the scene and found the man lying unconscious on the ground. He was taken to a hotel on a stretcher and upon examination it was found that life was not extinct and at last reports from Staples it is thought that he will recover.

It dulle the scythe of Father Time, drives away wrinkles of approaching old age—the elixir of life that puts hope in the human heart—Hollister's Rocky Mountain Tea. 35 cents. H. P. Dunn & Co.

ARRANGING MATCH WITH MOTH  
Some of the Friends of Maxie, the Big  
Swede Wrestler, are Interested in  
Getting Up a Match.

Maxie, the big Swede wrestler who works at the N. P. shops, is anxious to get a wrestling match with some man who has a reputation and his friends in this city are said to be negotiating with the manager of Moth, who is one of the leading wrestlers of this country, for a match in this city. Maxie has a record as a wrestler and is said to have been the champion of Stockholm, Sweden, but has been following the quieter pursuits of life for some time and has not devoted much time to the wrestling business. He is, however, in excellent condition and is as strong as an ox and there are those who would like to see him get into a match with someone.

There will be a new telephone directory issued July 1st. Any one wishing a change please advise early

## OFFICER CAPTURES A BOLD BAD MAN

Captain Hurley Gathers in a Man  
Who is Wanted at Bemidji  
for Breaking Jail

HAD A HARD TUSSLE WITH HIM  
Robbed a Hardware Store at Bemidji Two Years Ago But  
Made His Escape.

Captain Hurley made a good catch last night and as a result Frank Williams was locked up in the city jail to await some reply from the Bemidji authorities.

It is understood that Williams is wanted at the metropolis of Beltrami county on two charges, that of robbery and also jail breaking. About two years ago he robbed a hardware store in that city and got away with a large quantity of razors, knives and revolvers. He was finally apprehended and taken back to Bemidji where he was kept in the county jail awaiting the action of the grand jury. Just before the term of court when his case was to have been considered Williams broke jail and made his escape and since that time all efforts on the part of the officials to locate him have proven futile.

After the robbery was committed two years ago Williams came to Brainerd and disposed of some of the stuff taken. Joe Wise bought a revolver and a knife or two from the man and he was to have been a witness before the grand jury of Beltrami county when the Williams case was taken up, but when he got there he was informed that the prisoner had made his escape.

Officer Hurley, who was on the police force two years ago, had some experience with the man and he did not forget him. So last night when Williams showed up in the city he was at once spotted by the officer. He was seen first in the Gardner block saloon where Captain Hurley showed up. He at once realized that Officer Hurley recognized him and ducked out, but was given a warm chase by the minion of the law. He was soon located again in the Mike Remmels saloon and while trying to make the arrest the officer had quite a tussle with his man as he showed fight. But he was up against the real thing and was finally landed in jail.

Joe Wise, who bought the revolver and other stuff from a man two years ago, recognizes this one taken last night as Williams and says that he will be able to prove his identity.

Williams is supposed to be a bad character. When arrested he had a large quantity of jewelry, such as rings, chains etc., which he was trying to dispose of.

At the station he gave his name as Zeb Taylor and positively denied that he was the man wanted for the robbery and jail breaking at Bemidji.

### Dates for Paying Reds.

United States Indian Agent Simon Michelet is scheduled to make the reservation stumpage payment for the dead and blown down timber cut last winter, at the following places: Beaulieu, June 20; Bena, June 21; Cass Lake, June 21; Leech Lake agency, June 22; Pine Point, June 23; Nicollet hotel, Minneapolis, June 27. Mille Lacs and Pembina bands who have not moved do not participate in the distribution.

## MUSIC AND DRAMA.

### LILLIPUTIAN DRESS REHEARSAL.

The neat little play entitled "The Lilliputian Dress Rehearsal" is booked for the Brainerd opera house June 30th, for the benefit of St. Paul's church.

The scene is a female seminary. The young ladies conceive the idea of giving a play. A burlesque on the story of Cinderella is arranged by themselves. A clever bit of strategy is introduced to deceive the faculty into the belief that it is a Shakespearean production. The entire cast is made up of little tots from the lower grades in the public schools. Cinderella will be there in real life dressed in her kitchen attire representing her as the victim of her two spiteful sisters. The fairy godmother will appear as a vision and with her magic wand transform Cinderella into the beautiful lady who will attend the ball where the handsome young prince falls in love with her.

The little scene between the two spiteful sisters, the prim old maid governess and the majestic matron of the institution who will bethere and act their parts, all these characters being represented by little tots dressed like grown people, and under the direction of Miss Grace E. Barker, assisted by Miss Nellie K. Merritt, and the gawing of the little folks superintended by Mrs. R. F. Walters, is a sufficient guarantee that the play will be intensely interesting.

Joe, the shoemaker at the Big 9, will repair your shoes. R. F. WALTERS, 6th street. 1312

### Claims Championship.

R. E. Masters, who makes Walker his home every summer, is determined to retain his right to be considered the champion fisherman of these waters, and he has certainly started in well this season. He had been there but a couple of days when he went down to Ten Mile lake, a few miles south of Walker, and one of the best bass grounds in the country, and in three days made a record catch. On the first day, doing five hours' fishing, he caught 47 black bass, 5 rock bass, 2 Great Northern pike and one pickerel, a total of 55. On the following day he spent four hours on the water and his catch was 46 black bass and three rock bass, a total of 49. On the third day in five hours he caught 38 black bass and 2 rock bass, a total of 40. His total catch for 14 hours was 131 black bass, 9 rock bass, 2 Great Northern pike and 1 pickerel. Mr. Masters fishes altogether for the sport there is in it and not simply for the sake of showing a big string to curious spectators or having it photographed for exhibition purposes, and being satisfied with the sport, he gave his fish back to their native element, all but eighteen, which he took back to town and distributed among a few friends.

### Notice.

The shoe sale at the Big 9 is your opportunity to get good shoes cheap. R. F. WALTERS, 6th street. 1312

## BASE BALL NUBS

There will be two games of base ball in this city, one tomorrow afternoon and one Sunday afternoon between Brainerd and Verndale. The Verndale team defeated Brainerd a week ago on their own ground and so Brainerd expects to take both these games. In the first game on Saturday the battery for Brainerd will be Mattison and Roderick and they will have to oppose them Olson and Westergreen. In the Sunday game "Jim" Boyle will be pitted against Christianson, who is said to be quite a twirler and there is liable to be a pitcher's battle as Boyle is in good shape this year. It is expected that Eddie and Pat Boyle will be home from the east on Saturday and they are to be in the game if they come. With what players the locals have these two players should make a valuable acquisition. The games will be called at 3:30 o'clock and there should be a big attendance.

A week from Sunday the regular Brainerd team will play a game with the Elks' team of this city. This will be a benefit game for the first team as they wish to buy new suits. There will be some star twirlers on the rubber for this event and it is expected that the seating capacity will be taxed to its utmost on that day.

Everybody should have a bottle of Dr. Adler's Treatment constantly on hand and when the least discomfort is felt in the stomach or bowels, a dose should be taken at once, thus avoiding appendicitis and all the terrible pain that goes with it. Large bottles at Johnson's Pharmacy.

SEE what we are offering in footwear at the Big 9. R. F. WALTERS, 6th street. 1312

## PROGRAM FOR ELKS EXCURSION

Brainerd Members of B. P. O. E.  
and Families Go to Walker  
a Week From Today

GENERAL OUTLINE OF THE EVENT  
Ball Game Between Elk and Walker  
Teams Will Be Feature—  
Other Interesting Cards.

A week from today, June 24, the Brainerd Elks and their families and sweethearts will go to Walker on their annual excursion and picnic and the event bids fair to be one of the most interesting of the many out of town excursions this year.

Last year the Elks went to Walker and it was a delightful trip and all enjoyed themselves very much. The people of Walker have made great preparations again this year and the general outline of the program is given as follows:

### FORENOON.

Base ball game between Brainerd Elk team and the Walker team.

### AFTERNOON.

Excursion to old Leech Lake agency, visiting Indian graves, squaw canoe races, Indian ox dance, war dance and Pelican dance, Indian prophet and fortune teller in his tent, Bug-an-nah-geshig on deck, speech of welcome by Chief Flatmouth, Indian pony race, swimming races by papooses and other Indian performances.

There will be excursions on Leech lake all day, with good fishing and a goodly supply of fishing tackle and minnows. Five steamers have been chartered for the event.

### Facts You Ought To Know!

- 1 Season tickets St. Paul or Minneapolis to St. Louis and return \$25.00—Sixty day ticket \$21.35—Ten day, ticket \$19.20.
- 2 Fair opens about May 1st, and closes December 1st.
- 3 Five daily trains to Chicago each way making close connections with St. Louis trains.
- 4 No extra charge to go via Chicago.
- 5 Tickets good on the Fast Mail and Pioneer Limited electric lighted trains.
- 6 Full information about rates, routes and accommodations will be cheerfully furnished on application to

## DIG DAMAGE SUITS.

Will Be Brought Against Governor  
Peabody of Colorado.

Denver, June 17.—Former Governor Charles S. James is preparing papers in behalf of James F. Burns, president and manager of the Portland mine, in a damage suit which Burns will bring against Governor Peabody, General Sherman Bell and the state of Colorado for \$100,000 for the closing of the Portland mine by the military.

Attorneys for Charles H. Moyer, president of the Western Federation of Miners, are drafting papers in a suit to be against Governor Peabody, General Bell and the state of Colorado for false and illegal imprisonment by the military acting under the proclamation of martial law in San Miguel county.

## A READY PREACHER.

Notable Instance of Presence of  
Mind in the Pulpit.

Frederick the Great, being informed of the death of one of his chaplains, a man of considerable learning and piety, determined to select a successor with the same qualifications and took the following method of ascertaining the merit of one of the numerous candidates for the appointment: He told the applicant that he would furnish him with a text the following Sunday, when he was to preach at the royal chapel. The morning came, and the chapel was crowded to excess.

The king arrived at the end of the prayers, and on the candidate ascending the pulpit he was presented with a sealed paper by one of his majesty's aids-de-camp. The preacher opened it and found nothing written. He did not, however, lose his presence of mind, but, turning the paper on both sides, he said:

"My brethren, here is nothing, and there is nothing. Out of nothing God created all things." And he proceeded to deliver a most eloquent discourse on the wonders of the creation.

**TERRIBLE FALL OF BALOONIST**

John Curra, Who Tried to Make Ascension at Staples this Morning, Failed.

**HE FELL TWO HUNDRED FEET**

And Was Carried to His Hotel on a Stretcher, But at Last Reports Was Alive.

John Curra, a balloonist, had an experience this morning at Staples which will in all probability result in his never attempting to make another ascension. He had been engaged for the big Woodman picnic at Staples to make one ascension a day. This morning he went up and there was a large crowd out to see him float up and above the steeple tops and dangle in the air. He went up about two hundred feet and in some manner got tangled in the ropes of the parachute. For an instant no one realized that there was anything wrong but finally they could see his body leap from the ropes of the big balloon and swerve for a moment to and fro in mid-air while the crowd held their breath and in the next moment they saw the man shoot downward with terrific force. The crowd hurried to the scene and found the man lying unconscious on the ground. He was taken to a hotel on a stretcher and upon examination it was found that life was not extinct and at last reports from Staples it is thought that he will recover.

It dulls the scythe of Father Time, drives away wrinkles of approaching old age—the elixir of life that puts hope in the human heart—Hollister's Rocky Mountain Tea. 35 cents. H. P. Dunn & Co.

**ARRANGING MATCH WITH MOTH**

Some of the Friends of Maxie, the Big Swede Wrestler, are Interested in Getting Up a Match.

Maxie, the big Swede wrestler who works at the N. P. shops, is anxious to get a wrestling match with some man who has a reputation and his friends in this city are said to be negotiating with the manager of Moth, who is one of the leading wrestlers of this country, for a match in this city. Maxie has a record as a wrestler and is said to have been the champion of Stockholm, Sweden, but has been following the quieter pursuits of life for some time and has not devoted much time to the wrestling business. He is, however, in excellent condition and is as strong as an ox and there are those who would like to see him get into a match with someone.

There will be a new telephone directory issued July 1st. Any one wishing a change please advise early 7t6 C. A. WALKER.

**OFFICER CAPTURES A BOLD BAD MAN**

Captain Hurley Gathers in a Man Who is Wanted at Bemidji for Breaking Jail

**HAD A HARD TUSSELE WITH HIM**

Robbed a Hardware Store at Bemidji Two Years Ago But Made His Escape.

Captain Hurley made a good catch last night and as a result Frank Williams was locked up in the city jail to await some reply from the Bemidji authorities.

It is understood that Williams is wanted at the metropolis of Beltrami county on two charges, that of robbery and also jail breaking. About two years ago he robbed a hardware store in that city and got away with a large quantity of razors, knives and revolvers. He was finally apprehended and taken back to Bemidji where he was kept in the county jail awaiting the action of the grand jury. Just before the term of court when his case was to have been considered Williams broke jail and made his escape and since that time all efforts on the part of the officials to locate him have proven futile.

After the robbery was committed two years ago Williams came to Brainerd and disposed of some of the stuff taken. Joe Wise bought a revolver and a knife or two from the man and he was to have been a witness before the grand jury of Beltrami county when the Williams case was taken up, but when he got there he was informed that the prisoner had made his escape.

Officer Hurley, who was on the police force two years ago, had some experience with the man and he did not forget him. So last night when Williams showed up in the city he was at once spotted by the officer. He was seen first in the Gardner block saloon where Captain Hurley showed up. He at once realized that Officer Hurley recognized him and ducked out, but was given a warm chase by the minion of the law. He was soon located again in the Mike Remmels saloon and while trying to make the arrest the officer had quite a tussle with his man as he showed fight. But he was up against the real thing and was finally landed in jail.

Joe Wise, who bought the revolver and other stuff from a man two years ago, recognizes this one taken last night as Williams and says that he will be able to prove his identity.

Williams is supposed to be a bad character. When arrested he had a large quantity of jewelry, such as rings, chains etc., which he was trying to dispose of.

At the station he gave his name as Zeb Taylor and positively denied that he was the man wanted for the robbery and jail breaking at Bemidji.

**Dates for Paying Reds.**

United States Indian Agent Simon Michelet is scheduled to make the reservation stampage payment for the dead and blown down timber cut last winter, at the following places: Beaulieu, June 20; Bena, June 21; Cass Lake, June 21; Leech Lake agency, June 22; Pine Point, June 23; Nicollet hotel, Minneapolis, June 27. Mille Laes and Pembina bands who have not moved do not participate in the distribution.

D. M. Clark & Co. are agents for the Ostermoor mattress. Price \$15. 1tf

**MUSIC AND DRAMA.**

LILLIPUTIAN DRESS REHEARSAL.

The neat little play entitled "The Lilliputian Dress Rehearsal" is booked for the Brainerd opera house June 30th, for the benefit of St. Paul's church.

The scene is a female seminary. The young ladies conceive the idea of giving a play. A burlesque on the story of Cinderella is arranged by themselves. A clever bit of strategy is introduced to deceive the faculty into the belief that it is a Shakespearean production. The entire cast is made up of little tots from the lower grades in the public schools. Cinderella will be there in real life dressed in her kitchen attire representing her as the victim of her two spiteful sisters. The fairy godmother will appear as a vision and with her magic wand transform Cinderella into the beautiful lady who will attend the ball where the handsome young prince falls in love with her.

The little scene between the two spiteful sisters, the prim old maid governess and the majestic matron of the institution who will bethere and act their parts, all these characters being represented by little tots dressed like grown people, and under the direction of Miss Grace E. Barker, assisted by Miss Nellie K. Merritt, and the gawing of the little folks superintended by Mrs. R. F. Walters, is a sufficient guarantee that the play will be intensely interesting.

Joe, the shoemaker at the Big 9, will repair your shoes. R. F. WALTERS, 6th street. 13t2

**Claims Championship.**

R. E. Masters, who makes Walker his home every summer, is determined to retain his right to be considered the champion fisherman of these waters, and he has certainly started in well this season. He had been there but a couple of days when he went down to Ten Mile lake, a few miles south of Walker, and one of the best bass grounds in the country, and in three days made a record catch. On the first day, doing five hours' fishing, he caught 47 black bass, 5 rock bass, 2 Great Northern pike and one pickerel, a total of 55. On the following day he spent four hours on the water and his catch was 46 black bass and three rock bass, a total of 49. On the third day in five hours he caught 38 black bass and 2 rock bass, a total of 40. His total catch for 14 hours was 131 black bass, 9 rock bass, 2 Great Northern pike and 1 pickerel. Mr. Masters fishes altogether for the sport there is in it and not simply for the sake of showing a big string to curious spectators or having it photographed for exhibition purposes, and being satisfied with the sport, he gave his fish back to their native element, all but eighteen, which he took back to town and distributed among a few friends.

**Notice.**

Linnemann Bros. have moved their offices from the Bane block to the store of L. M. Koop in the Gruenhagen blk. 1f

The shoe sale at the Big 9 is your opportunity to get good shoes cheap. R. F. WALTERS, 6th street. 13t2

**BASE BALL NUBS**

There will be two games of base ball in this city, one tomorrow afternoon and one Sunday afternoon between Brainerd and Verndale. The Verndale team defeated Brainerd a week ago on their own ground and so Brainerd expects to take both these games. In the first game on Saturday the battery for Brainerd will be Mattison and Roderick and they will have to oppose them Olson and Westergreen. In the Sunday game "Jim" Boyle will be pitted against Christianson, who is said to be quite a twirler and there is liable to be a pitcher's battle as Boyle is in good shape this year. It is expected that Eddie and Pat Boyle will be home from the east on Saturday and they are to be in the game if they come. With what players the locals have these two players should make a valuable acquisition. The games will be called at 3:30 o'clock and there should be a big attendance.

A week from Sunday the regular Brainerd team will play a game with the Elks' team of this city. This will be a benefit game for the first team as they wish to buy new suits. There will be some star twirlers on the rubber for this event and it is expected that the seating capacity will be taxed to its utmost on that day.

Everybody should have a bottle of Dr. Adler's Treatment constantly on hand and when the least discomfort is felt in the stomach or bowels, a dose should be taken at once, thus avoiding appendicitis and all the terrible pain that goes with it. Large bottles at Johnson's Pharmacy.

SEE what we are offering in footwear at the Big 9. R. F. WALTERS, 6th street. 13t2

**Horses and Cows for Sale.**

3 sets of double harness, 3 horses, 4 wagons, 3 new milch cows. On time if desired. A. L. HOFFMAN & Co. 11t6

Large line of fine cut glass at D. M. Clark & Co. 1tf

**PROGRAM FOR ELKS EXCURSION**

Brainerd Members of B. P. O. E. and Families Go to Walker a Week From Today

**GENERAL OUTLINE OF THE EVENT**

Ball Game Between Elk and Walker Teams Will Be Feature—Other Interesting Cards.

A week from today, June 21, the Brainerd Elks and their families and sweethearts will go to Walker on their annual excursion and picnic and the event bids fair to be one of the most interesting of the many out of town excursions this year.

Last year the Elks went to Walker and it was a delightful trip and all enjoyed themselves very much. The people of Walker have made great preparations again this year and the general outline of the program is given as follows:

**FORENOON.**

Base ball game between Brainerd Elk team and the Walker team.

**AFTERNOON.**

Excursion to old Leech Lake agency, visiting Indian graves, squaw canoe races, Indian ox dance, war dance and Pelican dance, Indian prophet and fortune teller in his tent, Bug-an-nah-geshig on deck, speech of welcome by Chief Flatmouth, Indian pony race, swimming races by papooses and other Indian performances.

There will be excursions on Leech lake all day, with good fishing and a goodly supply of fishing tackle and minnows. Five steamers have been chartered for the event.

**Facts You Ought To Know!**

- Season tickets St. Paul or Minneapolis to St. Louis and return \$25.00—Sixty day ticket \$21.25—Ten day ticket \$19.20.
- Fair opens about May 1st, and closes December 1st.
- Five daily trains to Chicago each way making close connections with St. Louis trains.
- No extra charge to go via Chicago.
- Tickets good on the Fast Mail and Pioneer Limited electric lighted trains.
- Full information about rates, routes and accommodations will be cheerfully furnished on application to W. B. DIXON, N. W. P. A. CHICAGO, MILWAUKEE & ST. PAUL RY. St. Paul, Minn.

Awnings! Awnings! See D. M. Clark & Co. 225tf

**BIG DAMAGE SUITS.**

Will Be Brought Against Governor Peabody of Colorado.

Denver, June 17.—Former Governor Charles S. Thomas is preparing papers in behalf of James F. Burns, president and manager of the Portland mine, in a damage suit which Burns will bring against Governor Peabody, General Sherman Bell and the state of Colorado for \$100,000 for the closing of the Portland mine by the military.

Attorneys for Charles H. Moyer, president of the Western Federation of Miners, are drafting papers in a suit for \$50,000 damages, which Moyer is to file against Governor Peabody, General Bell and the state of Colorado for false and illegal imprisonment by the military acting under the proclamation of martial law in San Miguel county.

**A READY PREACHER.**

Notable Instance of Presence of Mind in the Pulpit.

Frederick the Great, being informed of the death of one of his chaplains, a man of considerable learning and piety, determined to select a successor with the same qualifications and took the following method of ascertaining the merit of one of the numerous candidates for the appointment: He told the applicant that he would furnish him with a text the following Sunday, when he was to preach at the royal chapel. The morning came, and the chapel was crowded to excess.

The king arrived at the end of the prayers, and on the candidate ascending the pulpit he was presented with a sealed paper by one of his majesty's aids-de-camp. The preacher opened it and found nothing written. He did not, however, lose his presence of mind, but, turning the paper on both sides, he said:

"My brethren, here is nothing, and there is nothing. Out of nothing God created all things." And he proceeded to deliver a most eloquent discourse on the wonders of the creation.

**MINNESOTA & INTERNATIONAL RAILWAY CO. TIME CARD.**

Trains arrive at and depart from the Northern Pacific Depot. EFFECTIVE APRIL 17, 1904. Daily Except Sunday.

# CALUMET Baking Powder

The only high grade Baking Powder sold at a moderate price. Complies with the pure food laws of all states.

Trust Baking Powders sell for 45 or 50 cents per pound and may be identified by this exorbitant price. They are a menace to public health, as food prepared from them contains large quantities of Rochelle salts, a dangerous cathartic drug.

## Is there a "Midway" at the St. Louis Fair?

Yes, but it does not bear that name. It is called the "Pike." More than a mile long, it represents an outlay of \$5,000,000, and far surpasses the Midway of any previous exposition.

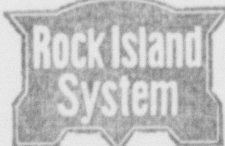

## What about rates to St. Louis?

We have three different rates, in effect daily, April 15 to Nov. 30—ask about them.

## And Train Service?

Best there is. Leave St. Paul or Minneapolis this evening, be in St. Louis early to-morrow afternoon.

Tickets at offices of connecting lines or at 323 Nicollet Ave., Minneapolis; 6th and Robert Sts., St. Paul; W. L. HATHAWAY, Dist. Pass' Agent, Minneapolis.

## HERMIS WINS THE SUBURBAN.

Takes the Lead at the Start and Holds it Throughout the Race.

New York, June 17.—Hermis, owned by Edward R. Thomas, easily won the Suburban handicap at Sheepshead Bay Thursday. The son of Hermene was on his toes when the barrier snapped. He crossed in front of six competitors, from the outside, and passed the judges' stand in the lead on his journey of one and one-quarter miles. From the position of command thus secured on the rail he was never headed and won, under a perfect ride by Arthur Redfern, in the time of 2:05—the best record for the Suburban and two-fifths of a second slower than the track record of 2:04 2-5, held by McChesney.

Irish Lad, the public favorite, finished third, nosed out of second honors by The Ficket.

More than 20,000 people viewed the twenty-first running of the \$20,000 classic. Weather and track perfect.

## RESIGNATIONS REQUESTED.

Two Professors Asked to Quit the Iowa University.

Iowa City, Ia., June 17.—The resignation of A. H. Sims, professor of engineering, and A. L. Andrews, professor of chemistry, were asked for Thursday by the board of regents of Iowa university. This action was the culmination of the board's investigation of the charges recently made against Professor MacLean. MacLean was exonerated. Sims and Andrews were alleged to have been active in the campaign against MacLean.

## To Consider Miller's Case.

St. Paul, June 17.—The International Brotherhood of Bookbinders, in session at the state capitol, has appointed a committee to consider the Miller case. This committee is engaged on the work of making a general review of the matter, which is of probably greater interest to unionists than any individual case ever brought before an international union.

## North Dakota Land Withdrawn.

Washington, June 17.—The secretary of the interior Thursday withdrew from entry 990,000 acres of land in the Devils Lake and Minot land district in North Dakota on account of the Mouse River irrigation project.

## Business Section Burned.

Richmond, Va., June 17.—Fire at Norton, Wise county, Va., has destroyed the whole business section of the town, causing a loss of \$150,000, partly insured. Two men were seriously injured.

## TELEGRAPHIC BREVITIES.

Prince Pu Lun Tsee of China sailed Thursday from New York for Paris.

Minnesota Maccabees have, again elected I. N. Chellaw of St. Paul state commander.

King Alfonso has signed the extradition treaty between Spain and the United States.

Frank Eppel of St. Paul committed suicide with carbolic acid because his sweetheart rejected him.

The Sons of the American Revolution, in session at St. Louis, elected J. B. Hancock of Pennsylvania president.

Major General H. C. Corbin has been ordered to command the division of the Philippines, succeeding General Wade.

The Indian Territory Democratic convention sent an unopposed delegation to St. Louis, but most of them favor Parker.

The American Association of Freight Agents closed its convention at Peoria, Ill., Thursday and decided to hold its next meeting at Minneapolis.

## PITS FOR ELEPHANTS

THE WAY THE BIG BEASTS IN INDIA ARE CAUGHT.

After They Have Fallen Into the Warily Laid Traps Trained Pachyderms Are Used as Lures and Aids in Completing the Capture.

It will probably interest many of our readers to know how elephants in the interior parts of India are caught in pits. In the first place, one generally knows the "run" of elephants, in which case several pits are dug in different places, and they are so well made that sometimes one has to be careful how one walks, for there is the possibility of a bad fall and a broken neck or legs. The pits are dug in several places, the size of them being about eight to nine feet square and about the same depth. At the bottom of the pit a lot of branches and leaves are placed, so as to break the fall of the elephant as much as possible. Over the mouth of the pit several stout branches are laid and on the top of these some turf, leaves and grass, so as to make the place look as natural as possible. On the occasion of which I am writing six or eight pits had been dug in the above manner, and we expected news every day of a catch.

One morning just as we were going out to do some inspection work a forest guard came running up to say that there had been a fall in one of these pits. We ordered an old tusker to be taken off at once to the scene of operations. We got to the place hours before he arrived and found a small cow elephant. She got furious when any one went close to the pit and tried to seize us with her trunk. No time was to be lost. We set to work at once making rope out of fiber which we had brought with us. In the meantime the head guard had got together a lot of coolies cutting branches and young saplings.

Having got everything ready, the tusker's mahout, who had come with us, made a noose out of one of the ropes just made. The next thing was to try to throw the noose over the elephant's neck. The mahout tried several times, but failed. She was simply furious at this and trampled on the rope and charged the sides of the pit. At last the mahout made a splendid shot and got the rope round her neck, and then the tug of war began. She tried all sorts of things to get the rope off, but it was no good. We had the other end of the rope tied to a small tree. Then she stood in the pit quietly for a long time. We now had nothing to do but to wait till the tusker came. When he arrived he had a look at the cow in the pit, and they touched each other's trunk and exchanged elephantine conversation. Then the rope which was round the captive's neck was fastened round the old tusker's body. When all was ready the coolies began throwing small pieces of wood and branches into the pit. Several rather heavy bits hit her on the trunk, which she seemed to object to. She slipped about on these small pieces and lay down several times and groaned. Nothing seemed to move her, although several bricks, etc., were thrown at her.

At last the mahout hit on a happy idea. He had a swaggar red handkerchief, which he took out with a flourish and flicked it at her. Up she got at once, but only to fall again. The same thing was repeated several times. It was pitiable when she lay down and groaned and looked quite helpless. The old tusker was getting sick of this and pulled for all he was worth, which made matters worse. At last the lady, obtaining a foothold, got her forefeet on the top of the pit, and then the old tusker renewed his efforts. Up she came, not on her legs, but on her side. She was dragged in this manner for a few yards, and then the tusker evidently thought he was a bit of a brute to go on in this unmanly way and stopped. Then she got on to her feet and trumpeted and at once made a dive into the jungle.

Eventually we got her back to camp at 8 p. m., feeling very cold and tired. But we had not finished yet. The next thing was to see her tied up with the others. We had to take lanterns from the camp, besides torches, for it was quite dark, to see her tied up. The old tusker got between the newly captured cow and the mahout, who had a noose ready and got in between the fore legs of the tusker and slipped the noose round the hind leg of the cow and then tied the end of the rope to a tree. When this was done and she found herself tied up she tried to break the rope, stamped on the ground with rage, and when any one went fairly close to her she made a charge at him. Once or twice the old tusker twiggled this little game, turned round and gave her "what for." Then the other rope, which was round the cow's neck, was fastened to another tree opposite her. All the time the old tusker kept between her and his master. It was not till 9 p. m. that I was able to think about dinner.—Cor. Madras Mail.

## A Mysterious Tree.

On the estate of Stora Senby, on Adelsö, an island in Lake Malar, Sweden, there stands an old fir tree stump which is considered by the natives to be a spirit tree. Small coins and trinkets are found in a hole in the stump, and for years no one has been known to find the hole empty. A writer in the Wide World Magazine says he has been there three times and has found a few coins each time. The tree stands far from any dwelling, and there is no village on the island. Snow lies deep round the tree all winter, and yet one finds the coins there, apparently without human agency. No one on the island offers any explanation of the mystery.

## Earthworms Versus Gophers.

Darwin concluded that the earthworm in five years brings up soil enough to cover the ground one inch thick, and that, therefore, the result of its labor is of vast importance. I reckon that the pocket gopher does this in five months. It does not do it in the same way or so effectively, because the earthworm actually digests the substance of its castings, but it is evident that the pocket gopher's method answers the purpose of fully disintegrating and mixing the dead vegetation with the soil to produce a rich and fertile black loam. The gophers seldom cease their labors. I have found the fossor and the monticola active both night and day, excepting during the hottest weather. I have known a continued heat of ninety odd degrees in the shade to stop all upheaval for several days. They are most industrious, however, at dawn and sunset.—Ernest Thompson Seton in Century.

## The Tiniest Manuscripts.

One of the tiniest manuscripts ever recorded is a little Bible in a walnut shell the size of a small hen's egg, an account of which has been preserved among the Harleian manuscripts by Peter Bales, an Englishman and a clerk of the chancery. It contained as many leaves as a large Bible and as much reading matter on each page. With a powerful glass it could be read easily. The author of this tiniest book on record lived in the time of Queen Elizabeth, and in 1575 presented her majesty with the Lord's Prayer, the Creed, Ten Commandments, two short Latin prayers, his own name and motto and the date, all written on a bit of paper the size of a finger nail, and set in a ring of gold covered with a crystal. In this case also a magnifying glass made the writing quite legible.—Boston Transcript.

## Imperative Calls.

It is not only courteous, but imperative, where you have acted as bridesmaid, maid of honor, usher or best man, to call upon the mother of the bride shortly after the wedding, calling upon the bride herself soon after her return from the honeymoon.

Those invited to a home wedding or a wedding reception or breakfast must call in due course on the bride's mother, later on the bride herself, says the Philadelphia North American.

## The Only Line With a World's Fair Station.

This refers to the Minneapolis & St. Louis railroad and means:

- 1st—The shortest line.
- 2nd—The most comfortable route.
- 3rd—Two fine through trains direct to the gates of the fair.
- 4th—A saving of about three hours in time.
- 5th—You avoid the crowds at the union depot and on the street cars.
- 6th—You save money by being landed just where you want to go.

There are many other reasons but "a word to the wise is sufficient."

For excursion tickets, berth reservations and a complete guide to the fair, free, address A. B. Cutts, G. P. & T. A., Minneapolis, Minn.

# WANTS.

Notices under this head will be charged for at the rate of one cent a word for the first insertion, and one-half cent for subsequent insertions, strictly cash in advance, unless advertiser has ledger account with the office, but no ad will be taken for less than 10 cents.

WANTED—Dining room girl. Call at Ideal Cafe. 1075

WANTED—Good dining room girls. Inquire at National hotel. 11

WANTED—A girl for general housework in small family at Long Lake (Parkerville). Good wages. Mrs. P. A. Egan, box 1877, Brainerd. 1112

WANTED—Men to learn barber trade. Advantages of free practice, licensed teachers and demonstrations until competent. Splendid facilities, revolving chairs, tools presented. Catalogues mailed free. Moler Barber College, Minneapolis, Minn.

WANTED—Reliable energetic man for General Agent to sell our new accident and sickness insurance. You can easily make from \$150 to \$300 per month. Write home office—Bankers Accident Insurance Company, Des Moines, Iowa.

WANTED—Cape man having \$250 to invest, to sell county rights on patented article that is well advertised, and without competition. We have a gilt-edged proposition and can give you an unlimited opportunity for making money. Write for particulars. Address W. D. Peters Company, 224 Boston Block, Minneapolis, Minn. 1312

FOR SALE—Fresh milk cow part Jersey. 131f E. C. BANE.

FOUND—One two-year-old colt, 3 white feet and white face. Edgar Loughton, at Welch's barn. 1112

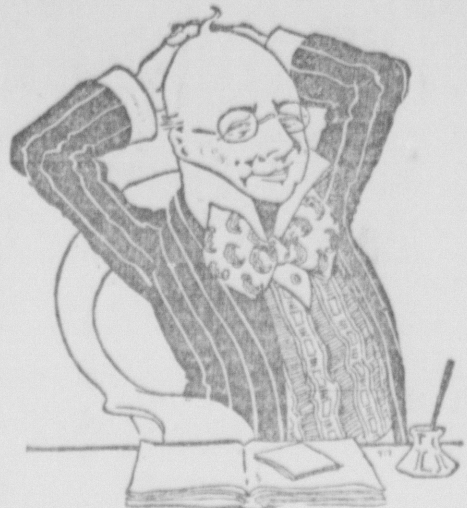

LOST—Lemon and white English pointer pup, 5 months old. Answers to name of Ned. Return to G. R. West, 521 Laurel St. and receive reward. 1221

BOARD—With or without room. 308, 8th St. 1078

TAKEN AWAY—A large red and white cow wearing a large bell. Owner can recover by paying charges. Wm. Wicks, West Brainerd. 1st 613

## For INSURANCE

Real Estate, Rents and Collections, Apply to R. G. VALLENTYNE, First National Bank Building BRainerd, MINN.

Your brain is tied pretty closely to your digestive machinery.

Like a coal fire when it gets clinkered up, it's generally the fuel that's to blame.

"FORCE" is what you might call a "free-burning" food.

If you eat plenty of it you won't have those stuck-in-the-mud days when everything seems to be going backward instead of forward.

Sunny Jim

When you buy coal you find some stones mixed with it. These stones cost as much as the coal. They also take up and waste more heat than the coal they displace would have developed.

Just so with the foods you eat which you do not digest.

People who would quickly build Brawn, Brain, and Bone should eat plenty of "FORCE."

Because it is not only rich in the Phosphates and Nitrogen of Wheat that build Brain, Nerve, and Brawn, but is mated with Barley, so that it digests other foods in the stomach, extracting greater nutrition from them.

Serve cold (or hot) with real Cream, or Fruit.

# CALUMET Baking Powder

The only high grade Baking Powder sold at a moderate price. Complies with the pure food laws of all states.

Trust Baking Powders sell for 45 or 50 cents per pound and may be identified by this exorbitant price. They are a menace to public health, as food prepared from them contains large quantities of Rochelle salts, a dangerous cathartic drug.

Is there a "Midway" at the St. Louis Fair?

Yes, but it does not bear that name. It is called the "Pike." More than a mile long, it represents an outlay of \$5,000,000, and far surpasses the Midway of any previous exposition.

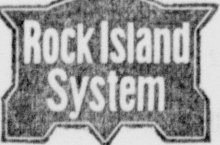

What about rates to St. Louis?

We have three different rates, in effect daily, April 15 to Nov. 30—ask about them.

And Train Service?

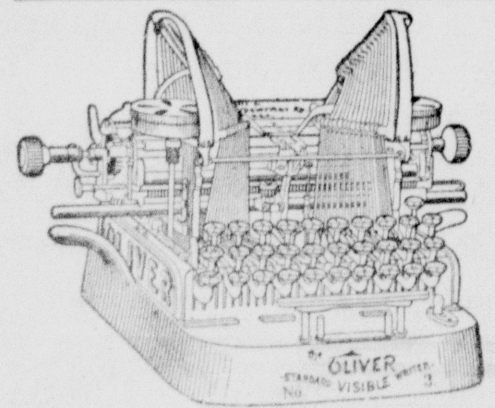

Best there is. Leave St. Paul or Minneapolis this evening, be in St. Louis early to-morrow afternoon.

Tickets at offices of connecting lines or at 322 Nicollet Ave., Minneapolis; 6th and Robert Sts., St. Paul. W. L. HATHAWAY, Dist. Pass' Agent, Minneapolis.

## HERMIS WINS THE SUBURBAN.

Takes the Lead at the Start and Holds It Throughout the Race.

New York, June 17.—Hermis, owned by Edward R. Thomas, easily won the Suburban handicap at Sheepshead Bay Thursday. The son of Hermine was on his toes when the barrier snapped. He crossed in front of six competitors, from the outside, and passed the judges' stand in the lead on his journey of one and one-quarter miles. From the position of command thus secured on the rail he was never headed and won, under a perfect ride by Arthur Redfern, in the time of 2:05—the best record for the Suburban and two-fifths of a second slower than the track record of 2:04 3/5, held by McChesney.

Irish Lad, the public favorite, finished third, nosed out of second honors by The Picket.

More than 30,000 people viewed the twenty-first running of the \$20,000 classic. Weather and track perfect.

## RESIGNATIONS REQUESTED.

Two Professors Asked to Quit the Iowa University.

Iowa City, Ia., June 17.—The resignation of A. H. Sims, professor of engineering, and A. L. Andrews, professor of chemistry, were asked for Thursday by the board of regents of Iowa university. This action was the culmination of the board's investigation of the charges recently made against Professor MacLean. MacLean was exonerated. Sims and Andrews were alleged to have been active in the campaign against MacLean.

## To Consider Miller's Case.

St. Paul, June 17.—The International Brotherhood of Bookbinders, in session at the state capitol, has appointed a committee to consider the Miller case. This committee is engaged on the work of making a general review of the matter, which is of probably greater interest to unionists than any individual case ever brought before an international union.

## North Dakota Land Withdrawn.

Washington, June 17.—The secretary of the interior Thursday withdrew from entry 390,000 acres of land in the Devils Lake and Minot land district in North Dakota on account of the Mouse River irrigation project.

## Business Section Burned.

Richmond, Va., June 17.—Fire at Norton, Wise county, Va., has destroyed the whole business section of the town, causing a loss of \$150,000, partly insured. Two men were seriously injured.

## TELEGRAPHIC BREVITIES.

Prince Pu Lun Tsee of China sailed Thursday from New York for Paris.

Minnesota Macabees have again elected I. N. Chellev of St. Paul state commander.

King Alfonso has signed the extradition treaty between Spain and the United States.

Frank Eppel of St. Paul committed suicide with carbolic acid because his sweetheart rejected him.

The Sons of the American Revolution, in session at St. Louis, elected J. B. Hancock of Pennsylvania president.

Major General H. C. Corbin has been ordered to command the division of the Philippines, succeeding General Wade.

The Indian Territory Democratic convention sent an unopposed delegation to St. Louis, but most of them favor Parker.

The American Association of Freight Agents closed its convention at Peoria, Ill., Thursday and decided to hold its next meeting at Minneapolis.

## PITS FOR ELEPHANTS

THE WAY THE BIG BEASTS IN INDIA ARE CAUGHT.

After They Have Fallen Into the Warily Laid Traps Trained Pachyderms Are Used as Lures and Aids in Completing the Capture.

It will probably interest many of our readers to know how elephants in the interior parts of India are caught in pits. In the first place, one generally knows the "run" of elephants, in which case several pits are dug in different places, and they are so well made that sometimes one has to be careful how one walks, for there is the possibility of a bad fall and a broken neck or legs. The pits are dug in several places, the size of them being about eight to nine feet square and about the same depth. At the bottom of the pit a lot of branches and leaves are placed, so as to break the fall of the elephant as much as possible. Over the mouth of the pit several stout branches are laid and on the top of these some turf, leaves and grass, so as to make the place look as natural as possible. On the occasion of which I am writing six or eight pits had been dug in the above manner, and we expected news every day of a catch.

One morning just as we were going out to do some inspection work a forest guard came running up to say that there had been a fall in one of these pits. We ordered an old tusker to be taken off at once to the scene of operations. We got to the place hours before he arrived and found a small cow elephant. She got furious when any one went close to the pit and tried to seize us with her trunk. No time was to be lost. We set to work at once making rope out of fiber which we had brought with us. In the meantime the head guard had got together a lot of coolies cutting branches and young saplings.

Having got everything ready, the tusker's mahout, who had come with us, made a noose out of one of the ropes just made. The next thing was to try to throw the noose over the elephant's neck. The mahout tried several times, but failed. She was simply furious at this and trampled on the rope and charged the sides of the pit. At last the mahout made a splendid shot and got the rope round her neck, and then the tug of war began. She tried all sorts of things to get the rope off, but it was no good. We had the other end of the rope tied to a small tree. Then she stood in the pit quietly for a long time. We now had nothing to do but to wait till the tusker came. When he arrived he had a look at the cow in the pit, and they touched each other's trunk and exchanged elephantine conversation. Then the rope which was round the captive's neck was fastened round the old tusker's body. When all was ready the coolies began throwing small pieces of wood and branches into the pit. Several rather heavy bits hit her on the trunk, which she seemed to object to. She slipped about on these small pieces and lay down several times and groaned. Nothing seemed to move her, although several bricks, etc., were thrown at her.

At last the mahout hit on a happy idea. He had a swaggar red handkerchief, which he took out with a flourish and flicked it at her. Up she got at once, but only to fall again. The same thing was repeated several times. It was pitiable when she lay down and groaned and looked quite helpless. The old tusker was getting sick of this, and pulled for all he was worth, which made matters worse. At last the lady, obtaining a foothold, got her forefeet on the top of the pit, and then the old tusker renewed his efforts. Up she came, not on her legs, but on her side. She was dragged in this manner for a few yards, and then the tusker evidently thought he was a bit of a brute to go on in this unmannerly way and stopped. Then she got on to her feet and trumpeted and at once made a dive into the jungle.

Eventually we got her back to camp at 8 p. m., feeling very cold and tired. But we had not finished yet. The next thing was to see her tied up with the others. We had to take lanterns from the camp, besides torches, for it was quite dark, to see her tied up. The old tusker got between the newly captured cow and the mahout, who had a noose ready and got in between the fore legs of the tusker and slipped the noose round the hind leg of the cow and then tied the end of the rope to a tree. When this was done and she found herself tied up she tried to break the rope, stamped on the ground with rage, and when any one went fairly close to her she made a charge at him. Once or twice the old tusker twiggled this little game, turned round and gave her "what for." Then the other rope, which was round the cow's neck, was fastened to another tree opposite her. All the time the old tusker kept between her and his master. It was not till 9 p. m. that I was able to think about dinner.—Cor. Madras Mail.

## A Mysterious Tree.

On the estate of Stora Senby, on Adelsö, an island in Lake Malar, Sweden, there stands an old fir tree stump which is considered by the natives to be a spirit tree. Small coins and trinkets are found in a hole in the stump, and for years no one has been known to find the hole empty. A writer in the Wide World Magazine says he has been there three times and has found a few coins each time. The tree stands far from any dwelling, and there is no village on the island. Snow lies deep round the tree all winter, and no footmarks are to be seen in it, and yet one finds the coins there, apparently without human agency. No one on the island offers any explanation of the mystery.

## Earthworms Versus Gophers.

Darwin concluded that the earthworm in five years brings up soil enough to cover the ground one inch thick, and that, therefore, the result of its labor is of vast importance. I reckon that the pocket gopher does this in five months. It does not do it in the same way or so effectively, because the earthworm actually digests the substance of its castings, but it is evident that the pocket gopher's method answers the purpose of fully disintegrating and mixing the dead vegetation with the soil to produce a rich and fertile black loam. The gophers seldom cease their labors. I have found the fossor and the monticola active both night and day, excepting during the hottest weather. I have known a continued heat of ninety odd degrees in the shade to stop all upheaval for several days. They are most industrious, however, at dawn and sunset.—Ernest Thompson Seton in Century.

## The Tiniest of Manuscripts.

One of the tiniest manuscripts ever recorded is a little Bible in a walnut shell the size of a small hen's egg, an account of which has been preserved among the Harleian manuscripts by Peter Bales, an Englishman and a clerk of the chancery. It contained as many leaves as a large Bible and as much reading matter on each page. With a powerful glass it could be read easily. The author of this tiniest book on record lived in the time of Queen Elizabeth, and in 1575 presented her majesty with the Lord's Prayer, the Creed, Ten Commandments, two short Latin prayers, his own name and motto and the date, all written on a bit of paper the size of a finger nail, and set in a ring of gold covered with a crystal. In this case also a magnifying glass made the writing quite legible.—Boston Transcript.

## Imperative Calls.

It is not only courteous, but imperative, where you have acted as bridesmaid, maid of honor, usher or best man, to call upon the mother of the bride shortly after the wedding, calling upon the bride herself soon after her return from the honeymoon.

Those invited to a home wedding or a wedding reception or breakfast must call in due course on the bride's mother, later on the bride herself, says the Philadelphia North American.

## The Only Line With a World's Fair Station.

This refers to the Minneapolis & St. Louis railroad and means:

- 1st—The shortest line.
- 2nd—The most comfortable route.
- 3rd—Two fine through trains direct to the gates of the fair.
- 4th—A saving of about three hours in time.
- 5th—You avoid the crowds at the union depot and on the street cars.
- 6th—You save money by being landed just where you want to go.

There are many other reasons but "a word to the wise is sufficient."

For excursion tickets, berth reservations and a complete guide to the fair, free, address A. B. CUTTS, G. P. & T. A., Minneapolis, Minn.

## WANTS.

Notices under this head will be charged at the rate of one cent a word for the first insertion and one-half cent for subsequent insertions, strictly cash in advance, unless advertiser has ledger account with the office, but no ad will be taken for less than 10 cents.

WANTED—Dining room girl. Call at Ideal Cafe. 1075

WANTED—Good Dining room girls. Inquire at National hotel.

WANTED—A girl for general housework in small family at Long Lake (Parker-ville). Good wages. Mrs. P. A. Egan, box 1877, Brainerd. 1112

WANTED—Men to learn barber trade. Advantages of free practice, licensed teachers and demonstrations until competent. Splendid facilities, revolving chairs, tools presented. Catalogues mailed free. Moler Barber College, Minneapolis, Minn.

WANTED—Reliable energetic man for General Agent to sell our new accident and sickness insurance. You can easily make from \$150 to \$300 per month. Write home office—Bankers Accident Insurance Company, Des Moines, Iowa.

WANTED—Capable man having \$250 to invest, to sell county rights on patented article that is well advertised, and without competition. We have a gilt-edged proposition and can give you an unlimited opportunity for making money. Write for particulars. Address W. D. Peters Company, 224 Boston Block, Minneapolis, Minn. 1322

FOR SALE—Fresh milk cow part Jersey. 131st E. C. BANE.

FOUND—One two-year-old colt, 3 white feet and white face. Edgar Loughton, at Welch's barn. 1112

LOST—Lemon and white English pointer pup, 5 months old. Answers to name of Ned. Return to G. R. West, 521 Laurel St. and receive reward. 1212

BOARD—With or without room. 308, 8th St. 1018

TAKEN UP—A large red and white cow wearing a large bell. Owner can recover by paying charges. WM. WICKS, West Brainerd. tst 613

## For INSURANCE

Real Estate, Rents and Collections, Apply to  
**R. G. VALLENTYNE,**  
First National Bank Building  
BRAINERD, MINN

Your brain is tied pretty closely to your digestive machinery.

Like a coal fire when it gets clinkered up, it's generally the fuel that's to blame.

"FORCE" is what you might call a "free-burning" food.

If you eat plenty of it you won't have those stuck-in-the-mud days when everything seems to be going backward instead of forward.

Sunny Jim

When you buy coal you find some stones mixed with it. These stones cost as much as the coal. They also take up and waste more heat than the coal they displace would have developed.

Just so with the foods you eat which you do not digest.

People who would quickly build Brain, Nerve, and Bone should eat plenty of "FORCE."

Because it is not only rich in the Phosphates and Nitrogen of Wheat that build Brain, Nerve, and Bone, but is mated with Barley, so that it digests other foods in the stomach, extracting greater nutrition from them.

Serve cold (or hot) with real Cream, or Fruit.
